Counselling: Types of Sessions

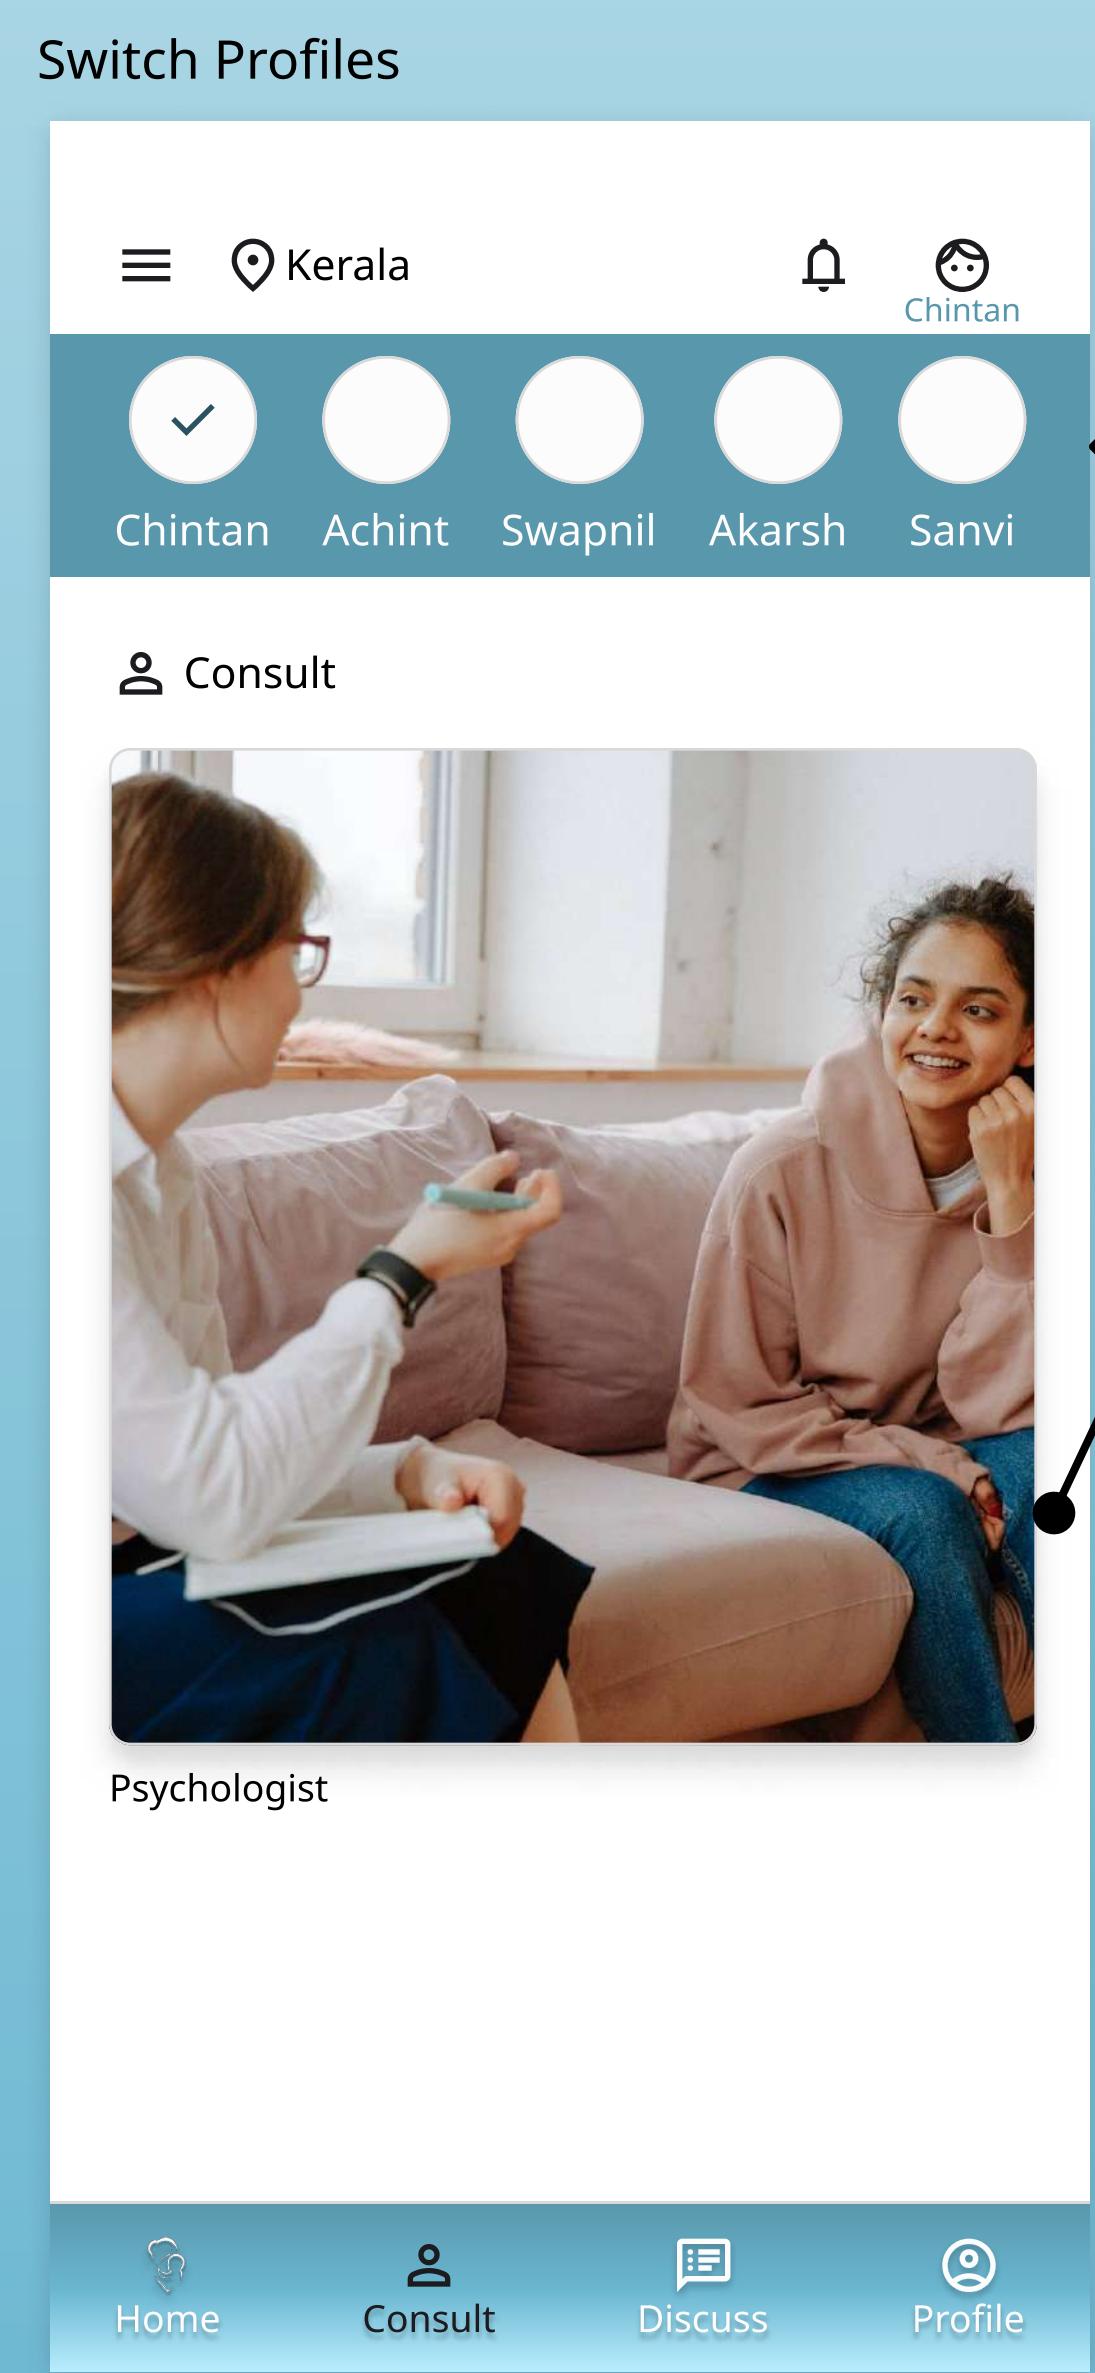

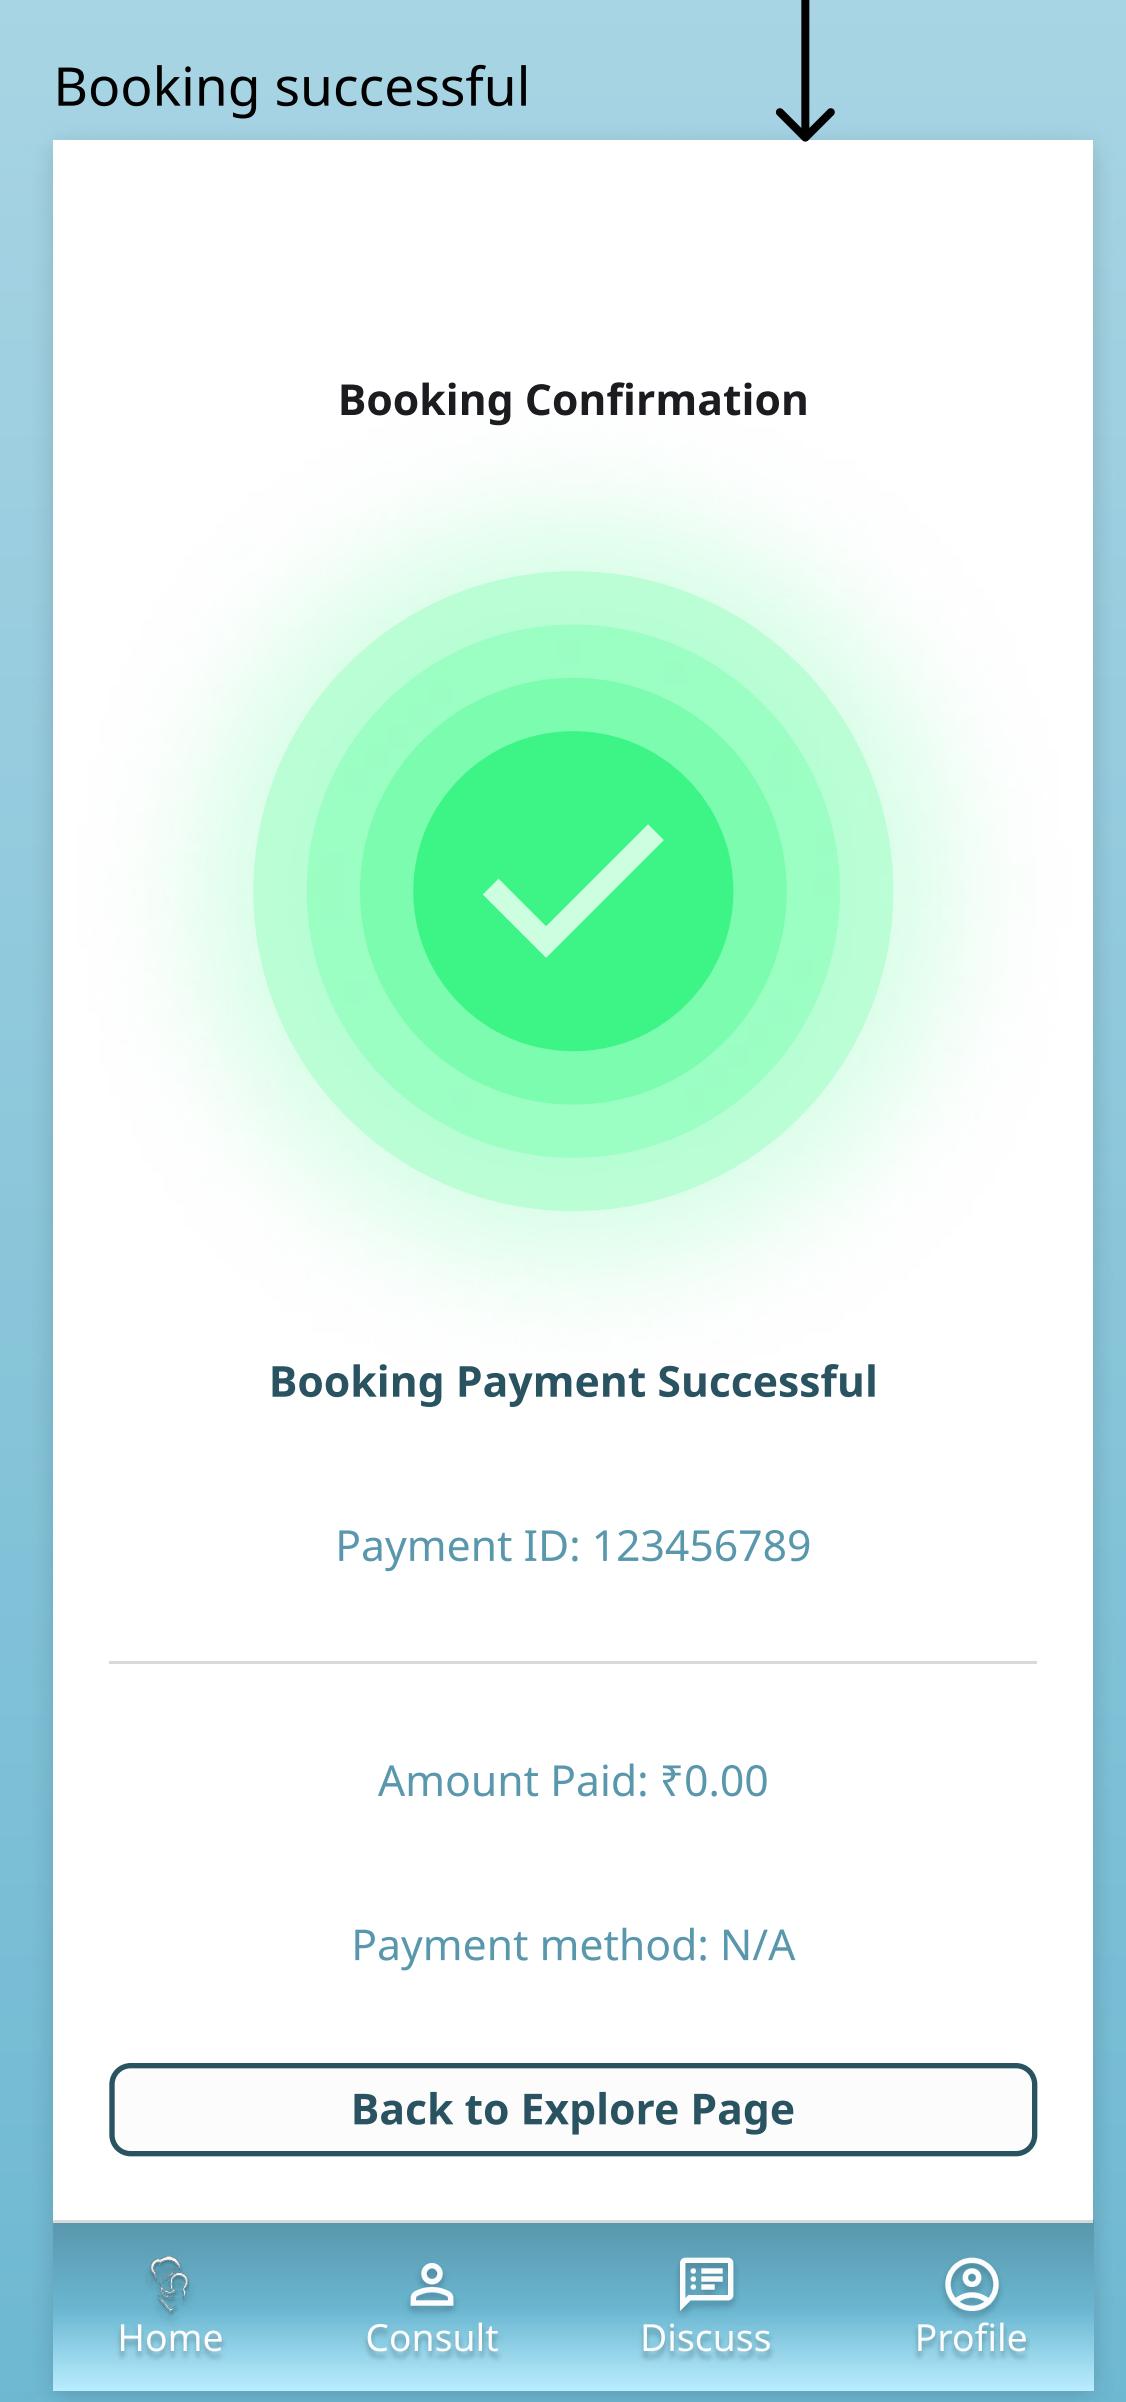

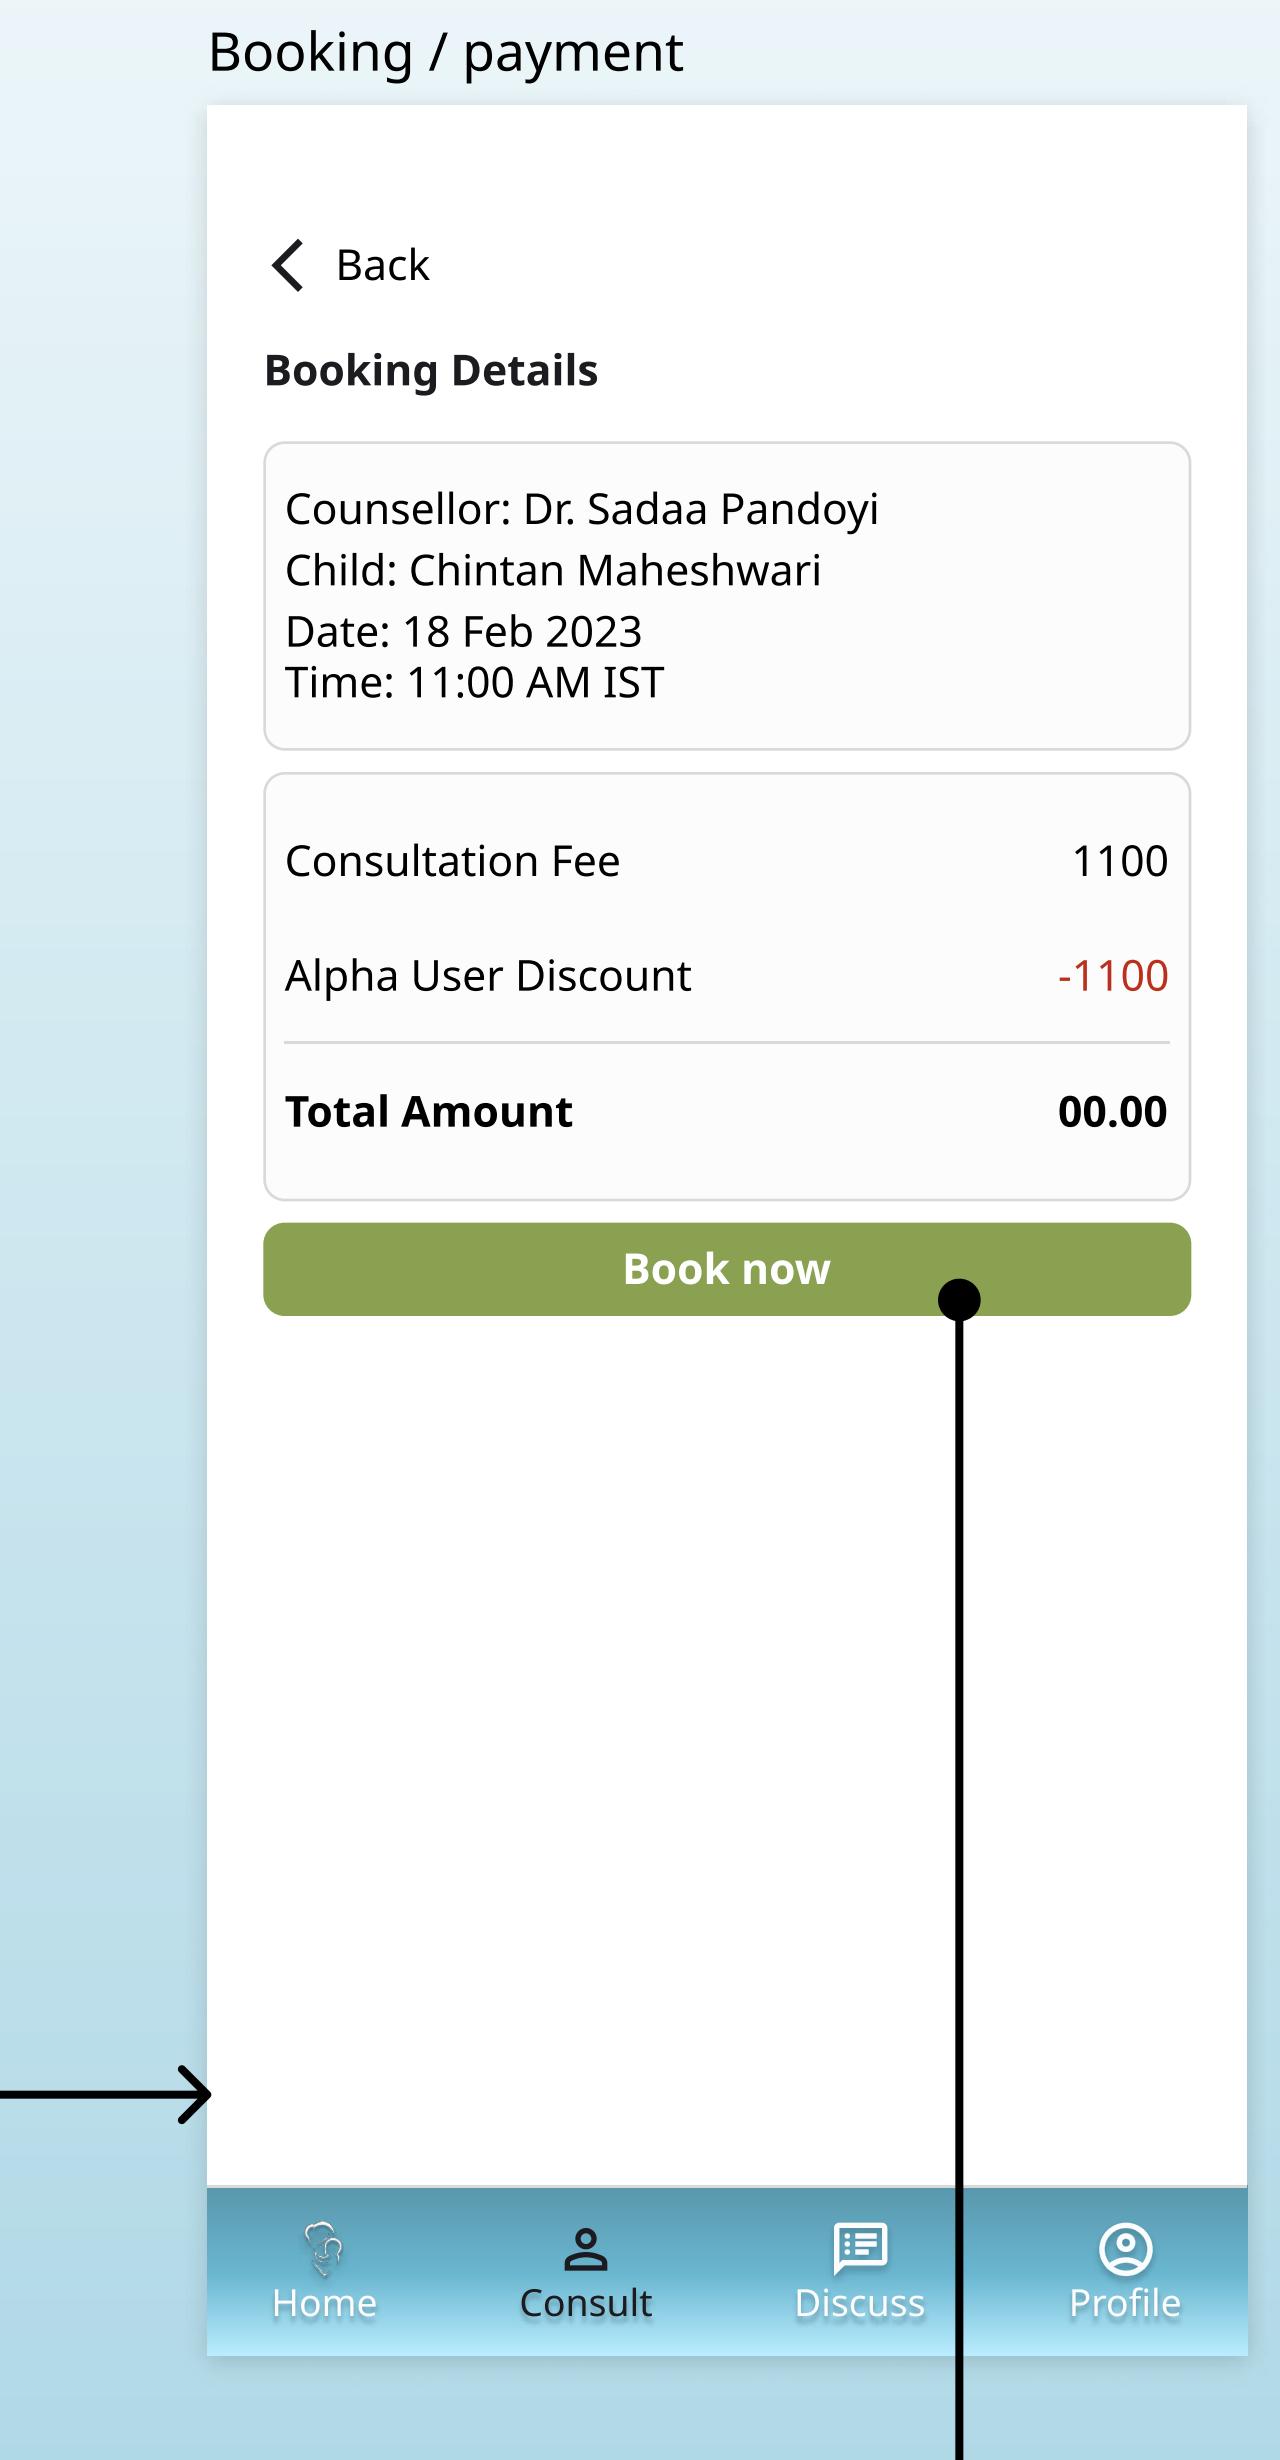

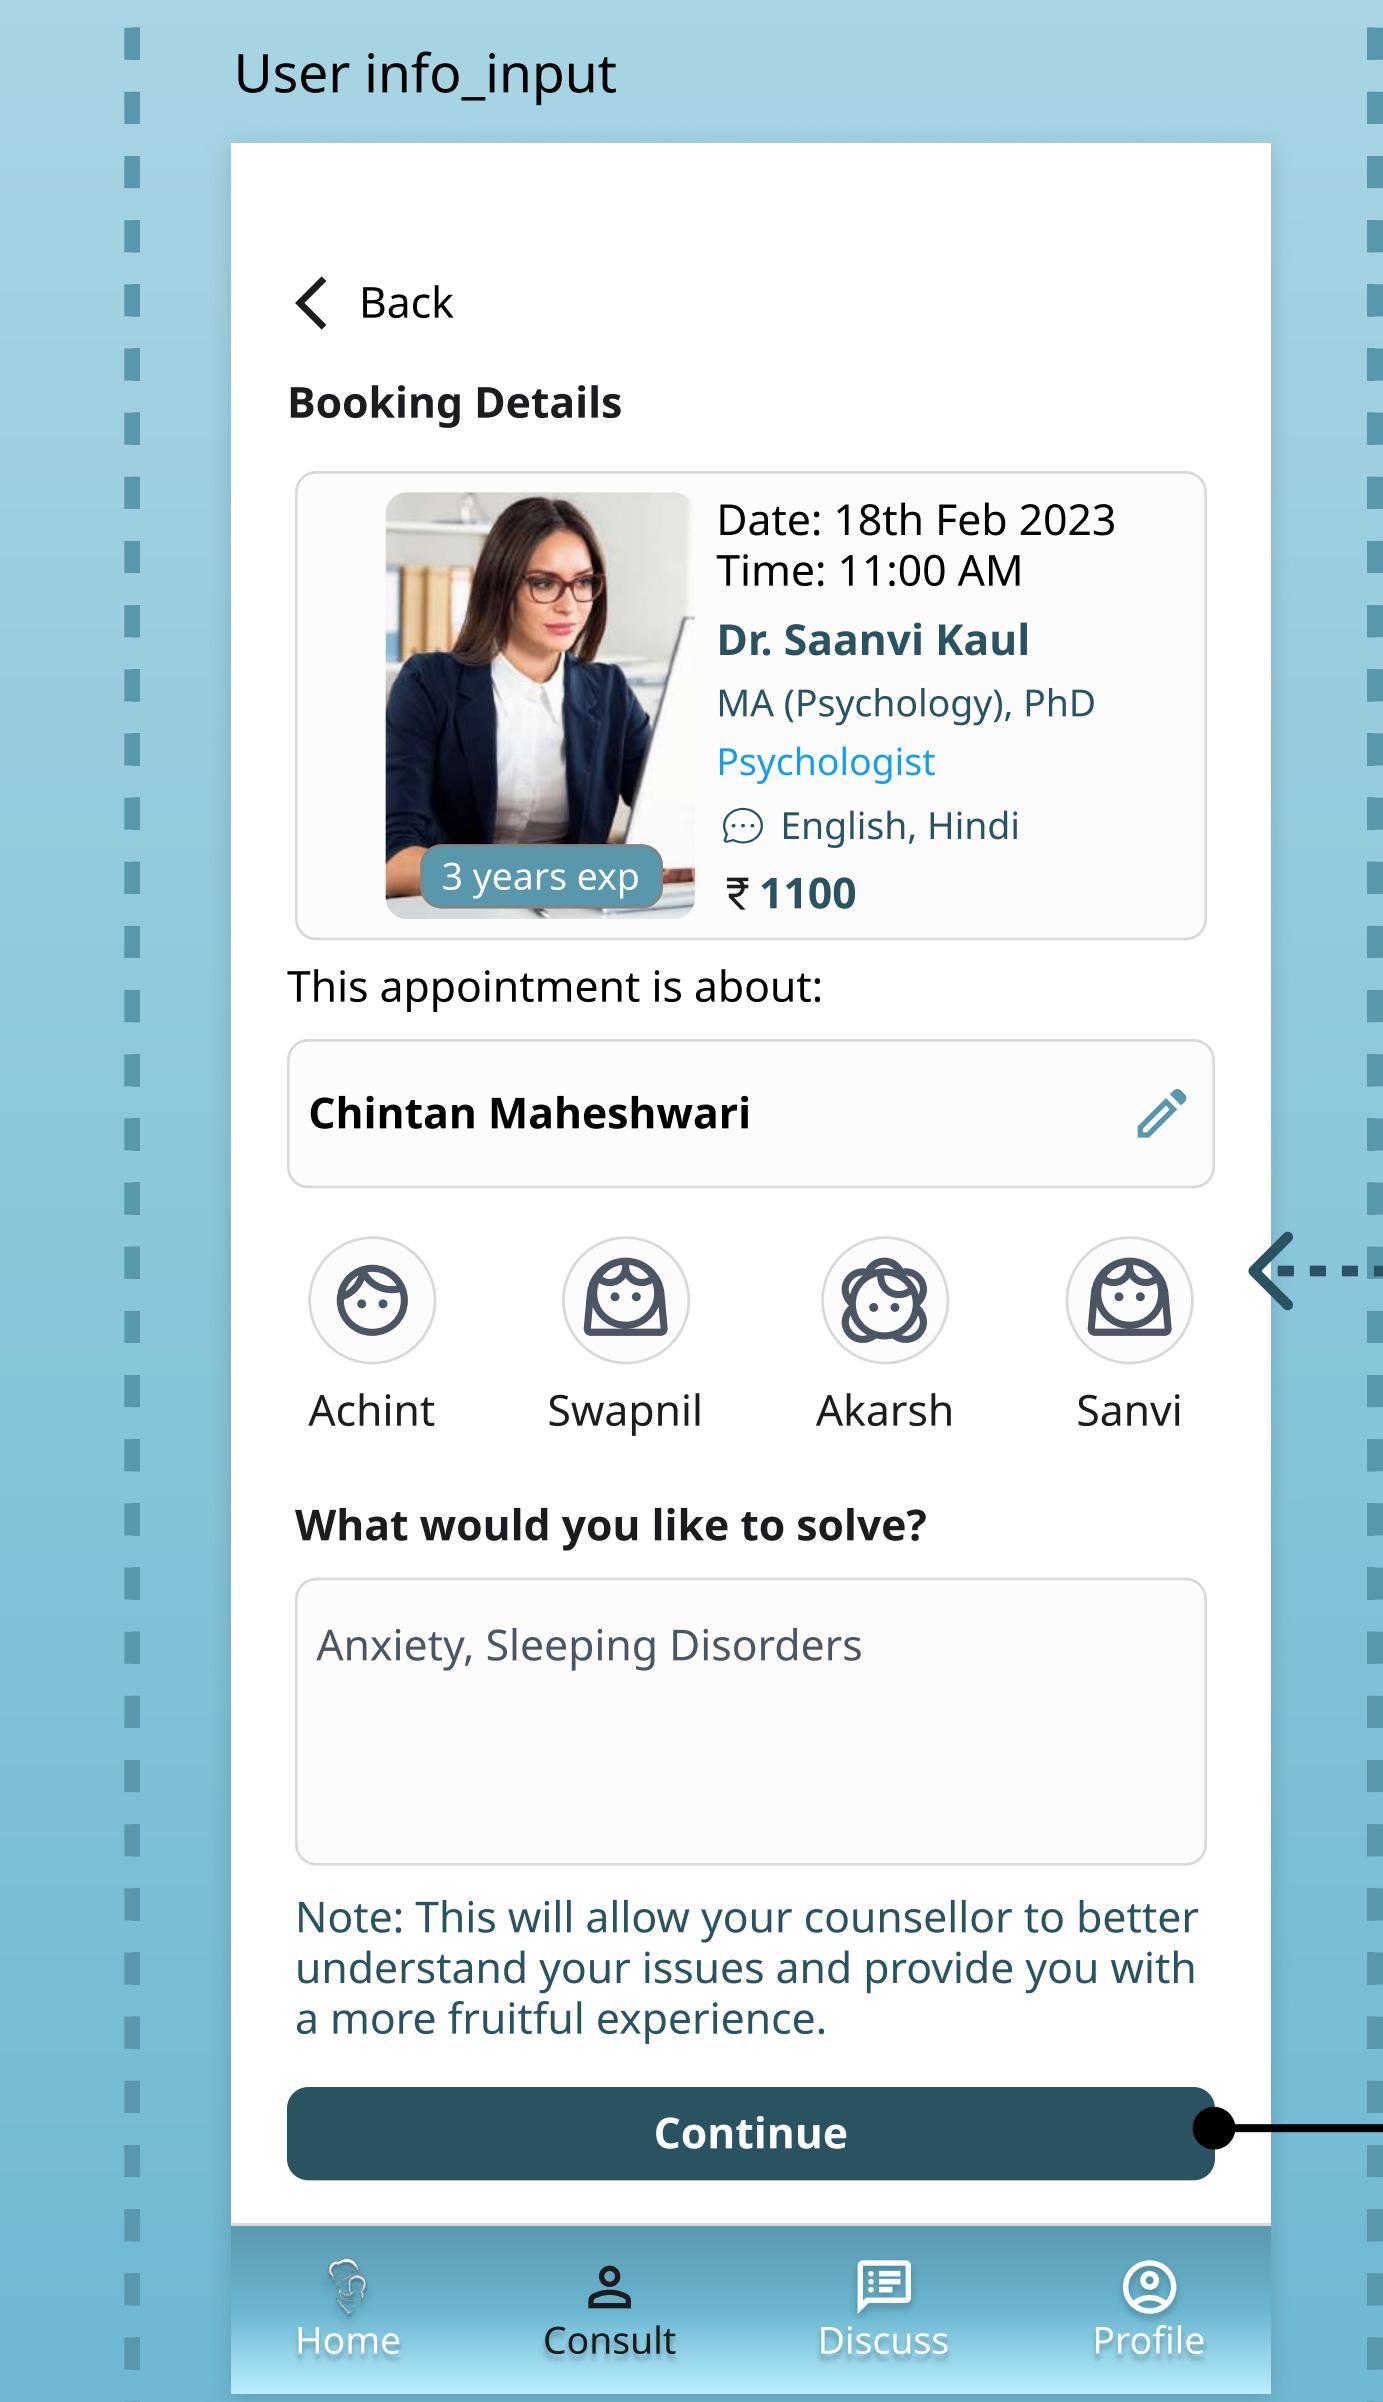

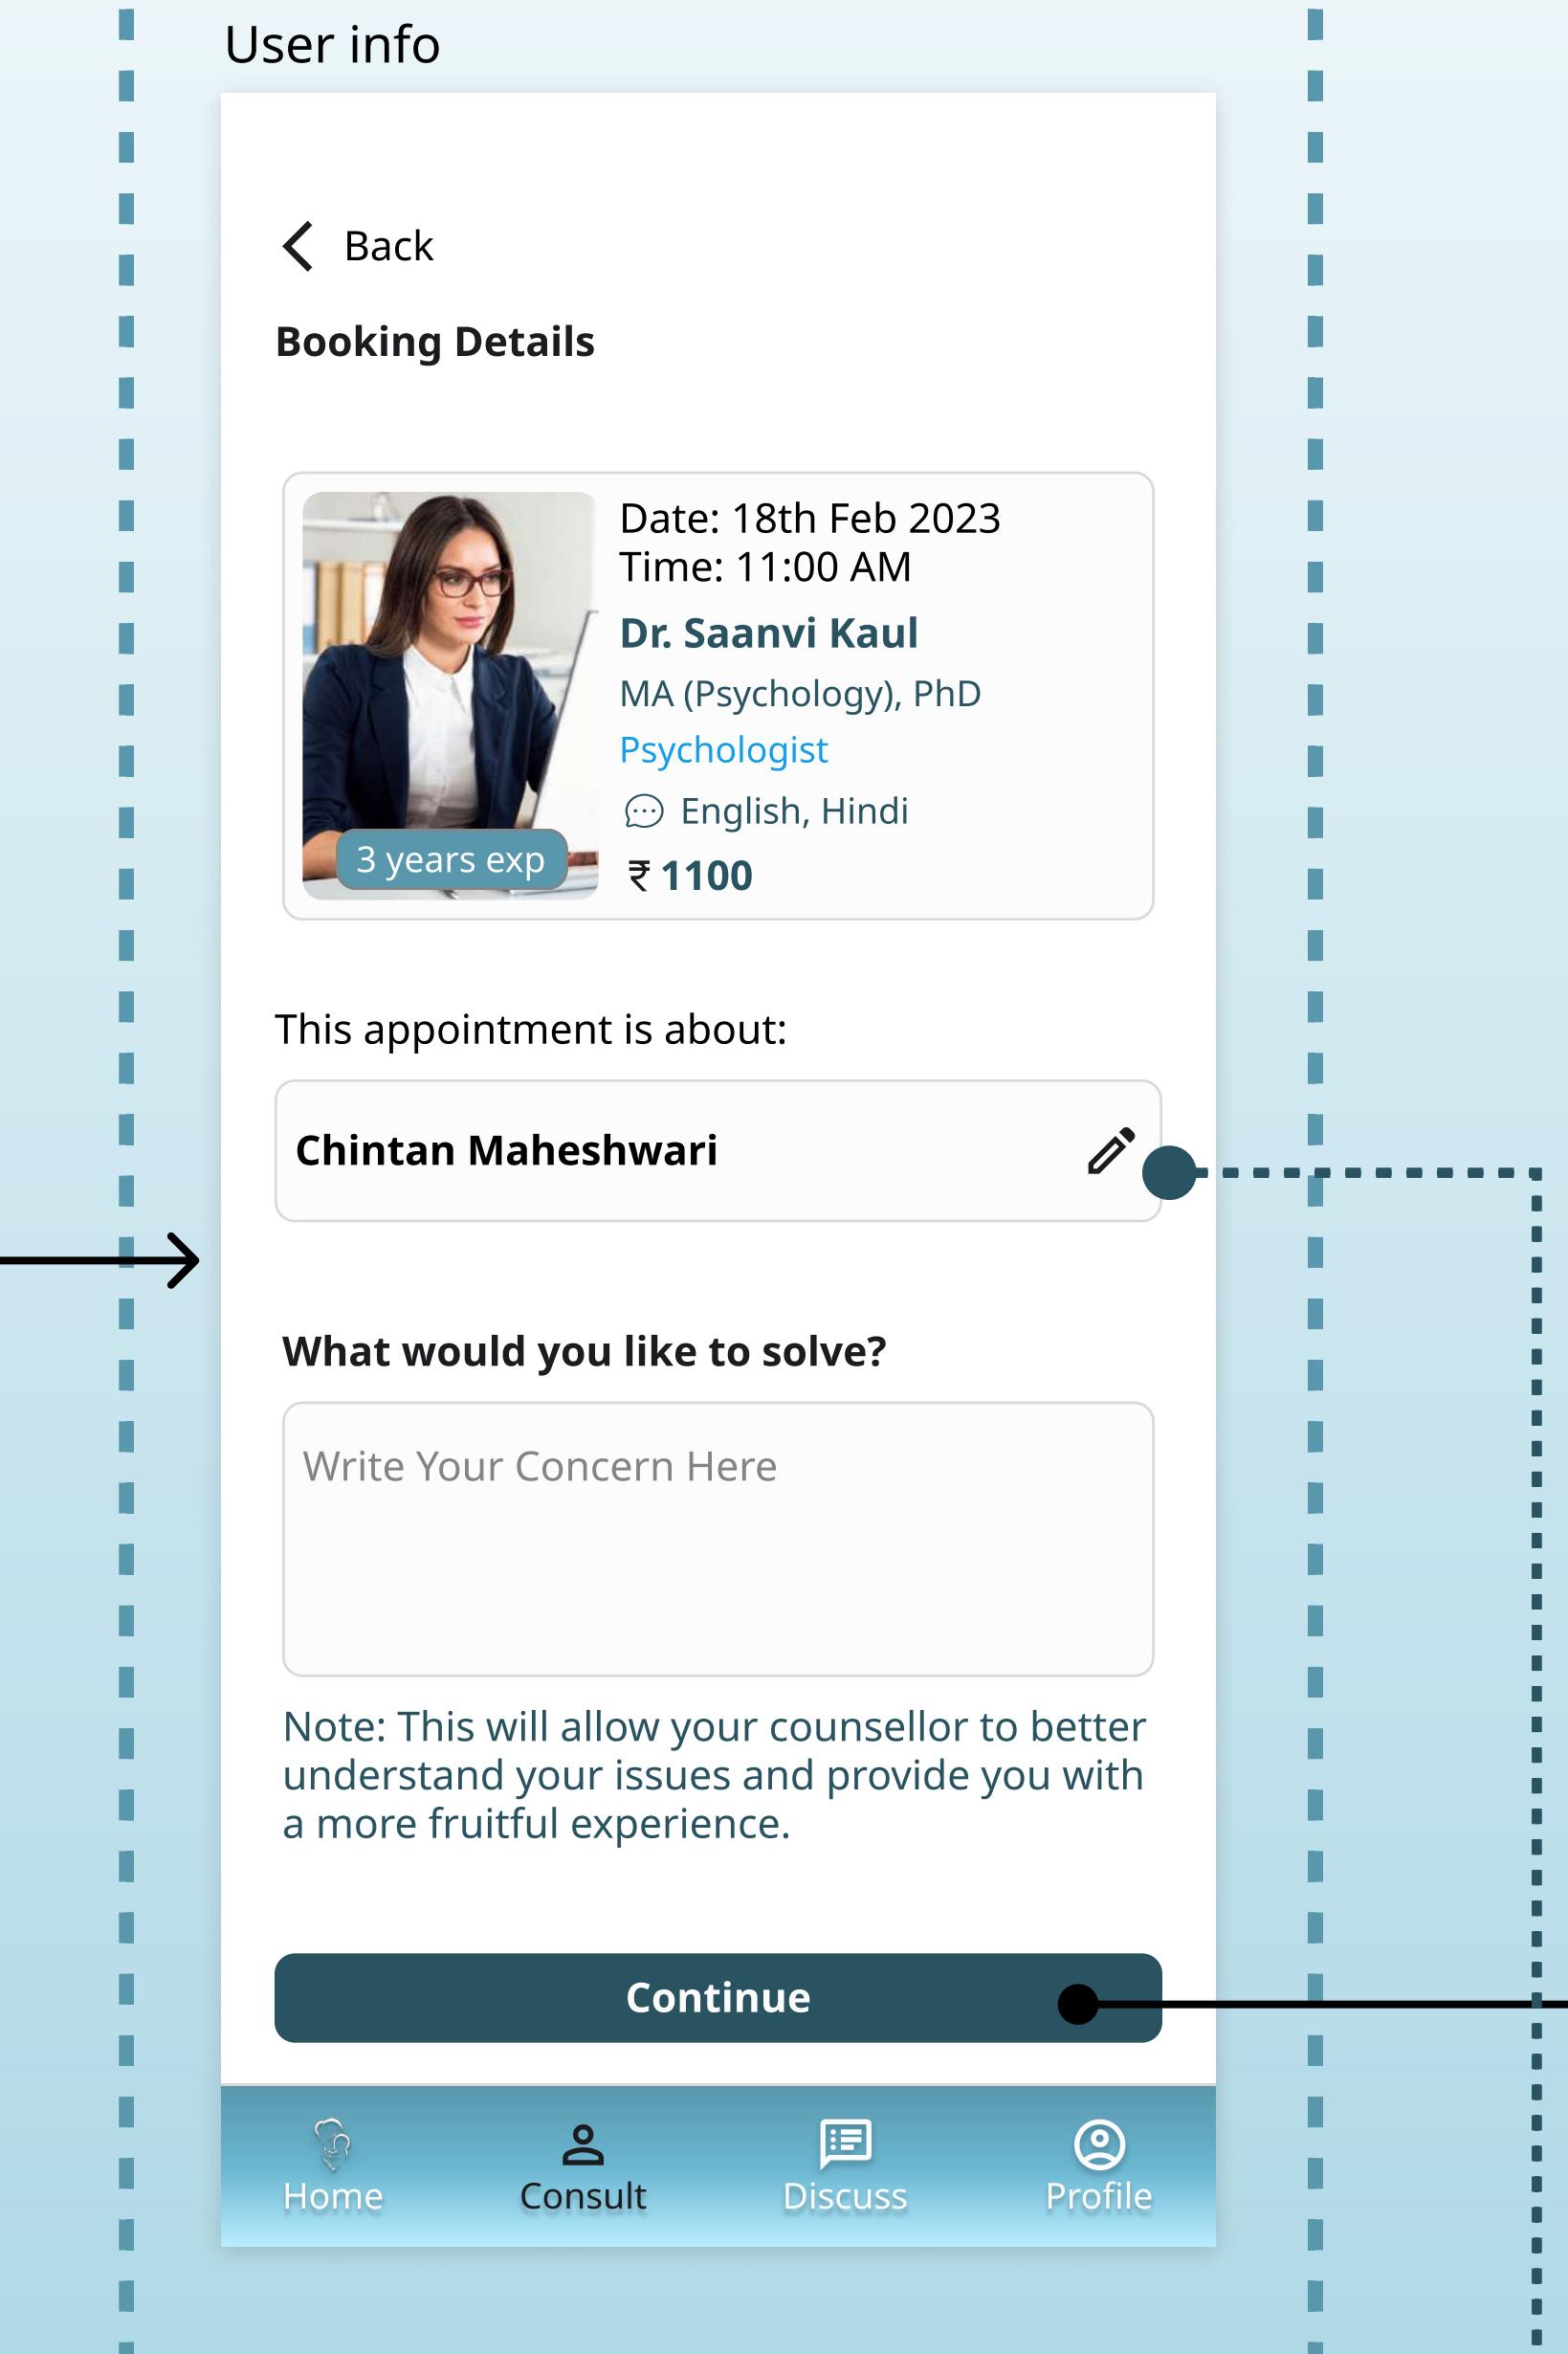

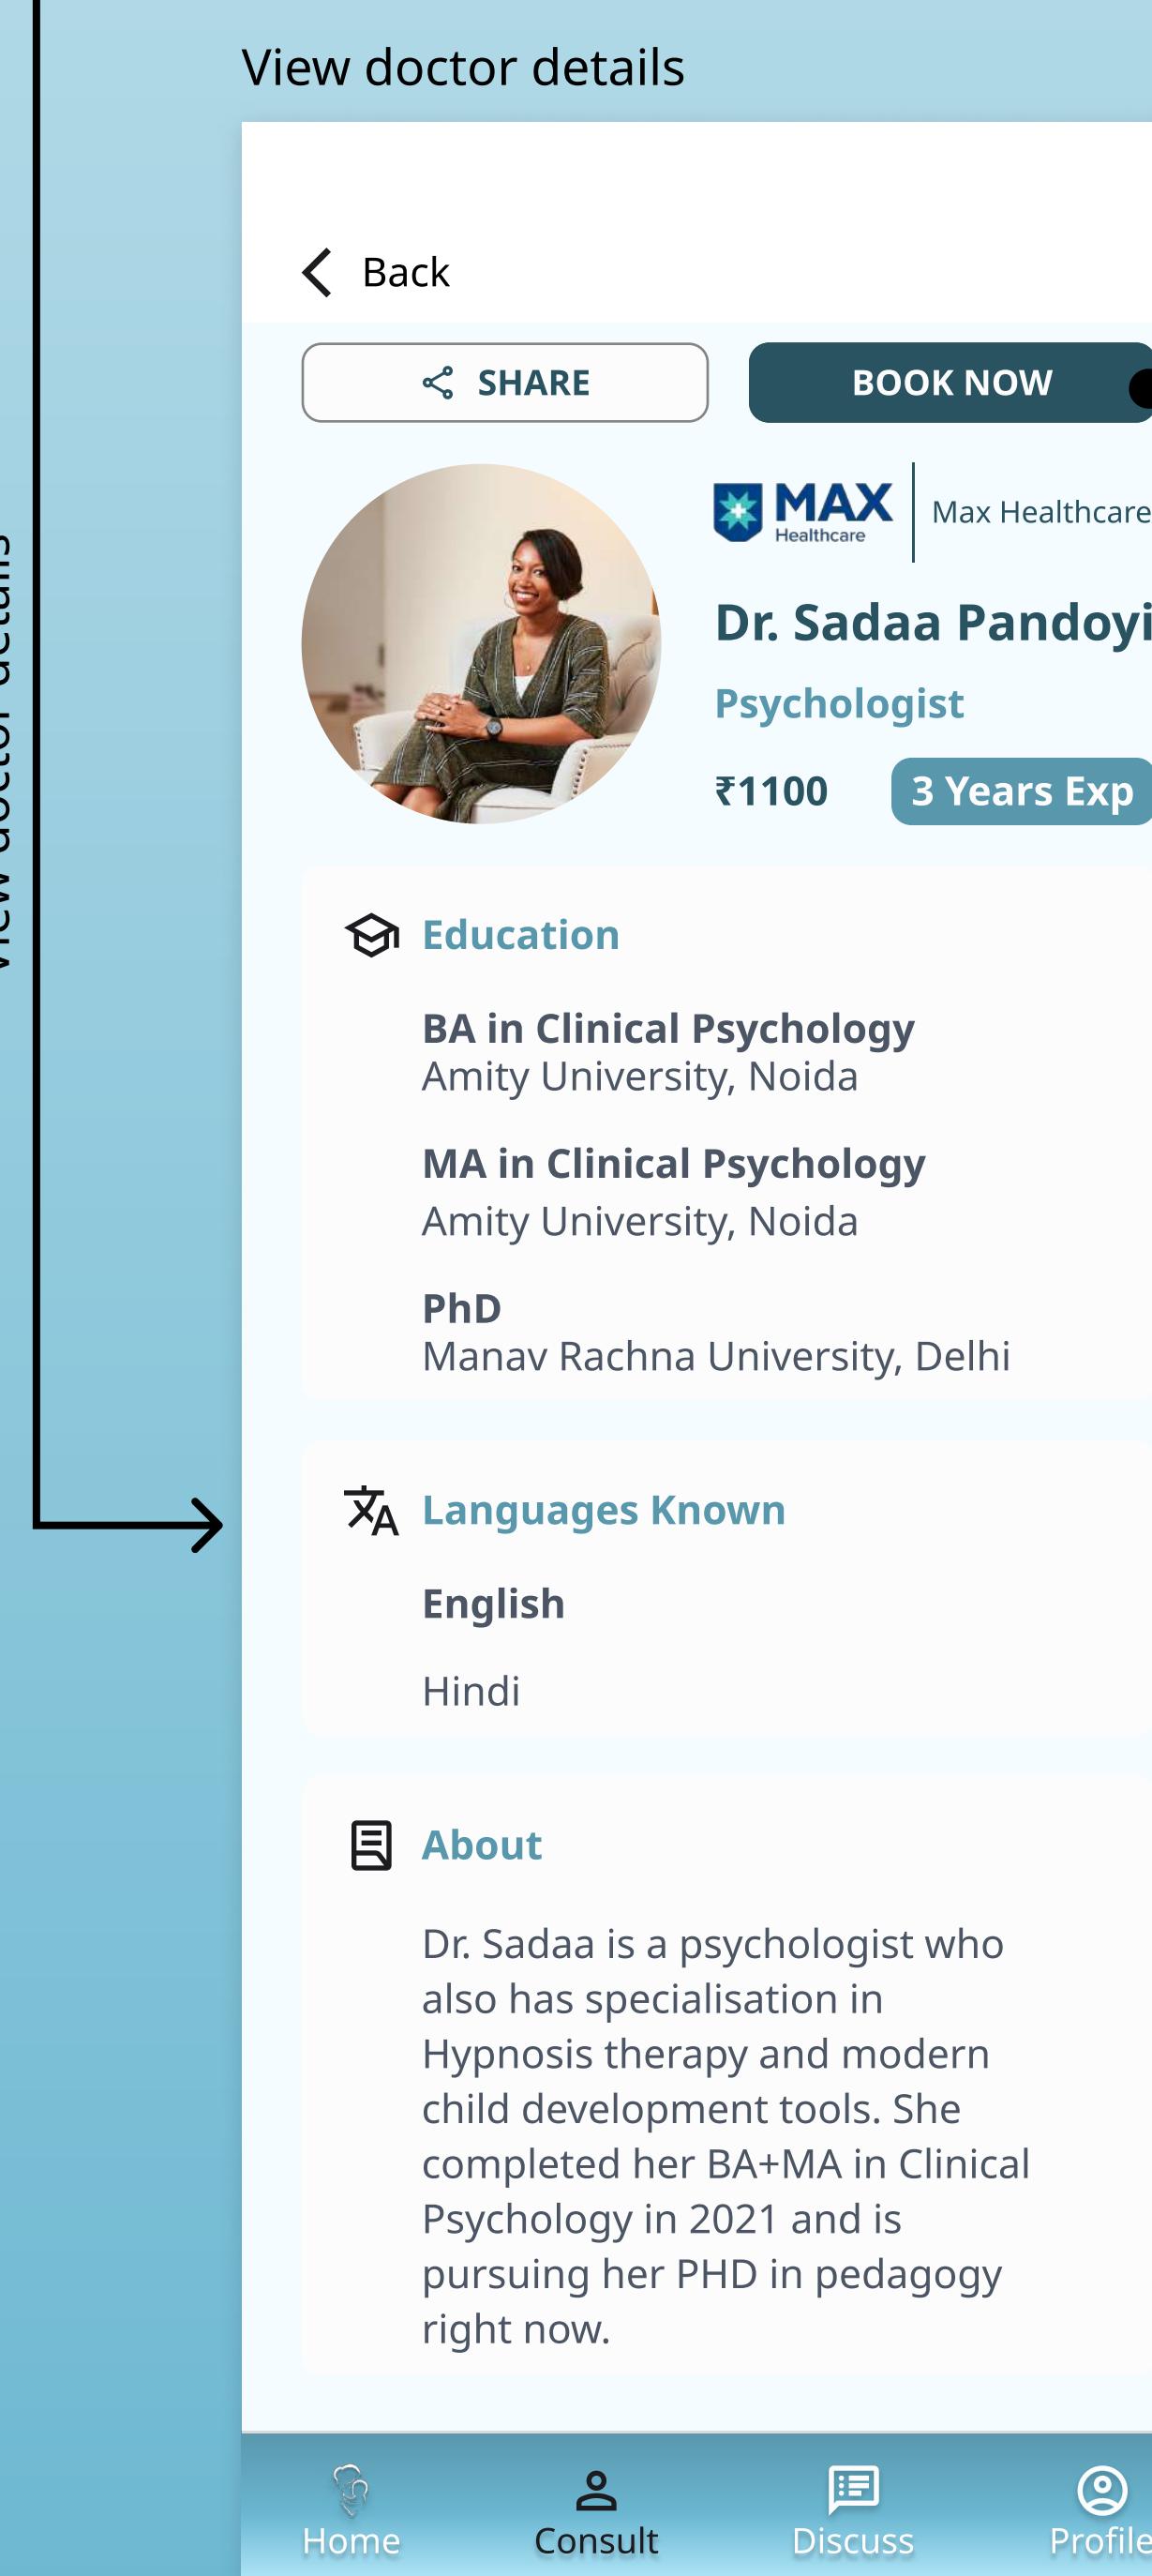

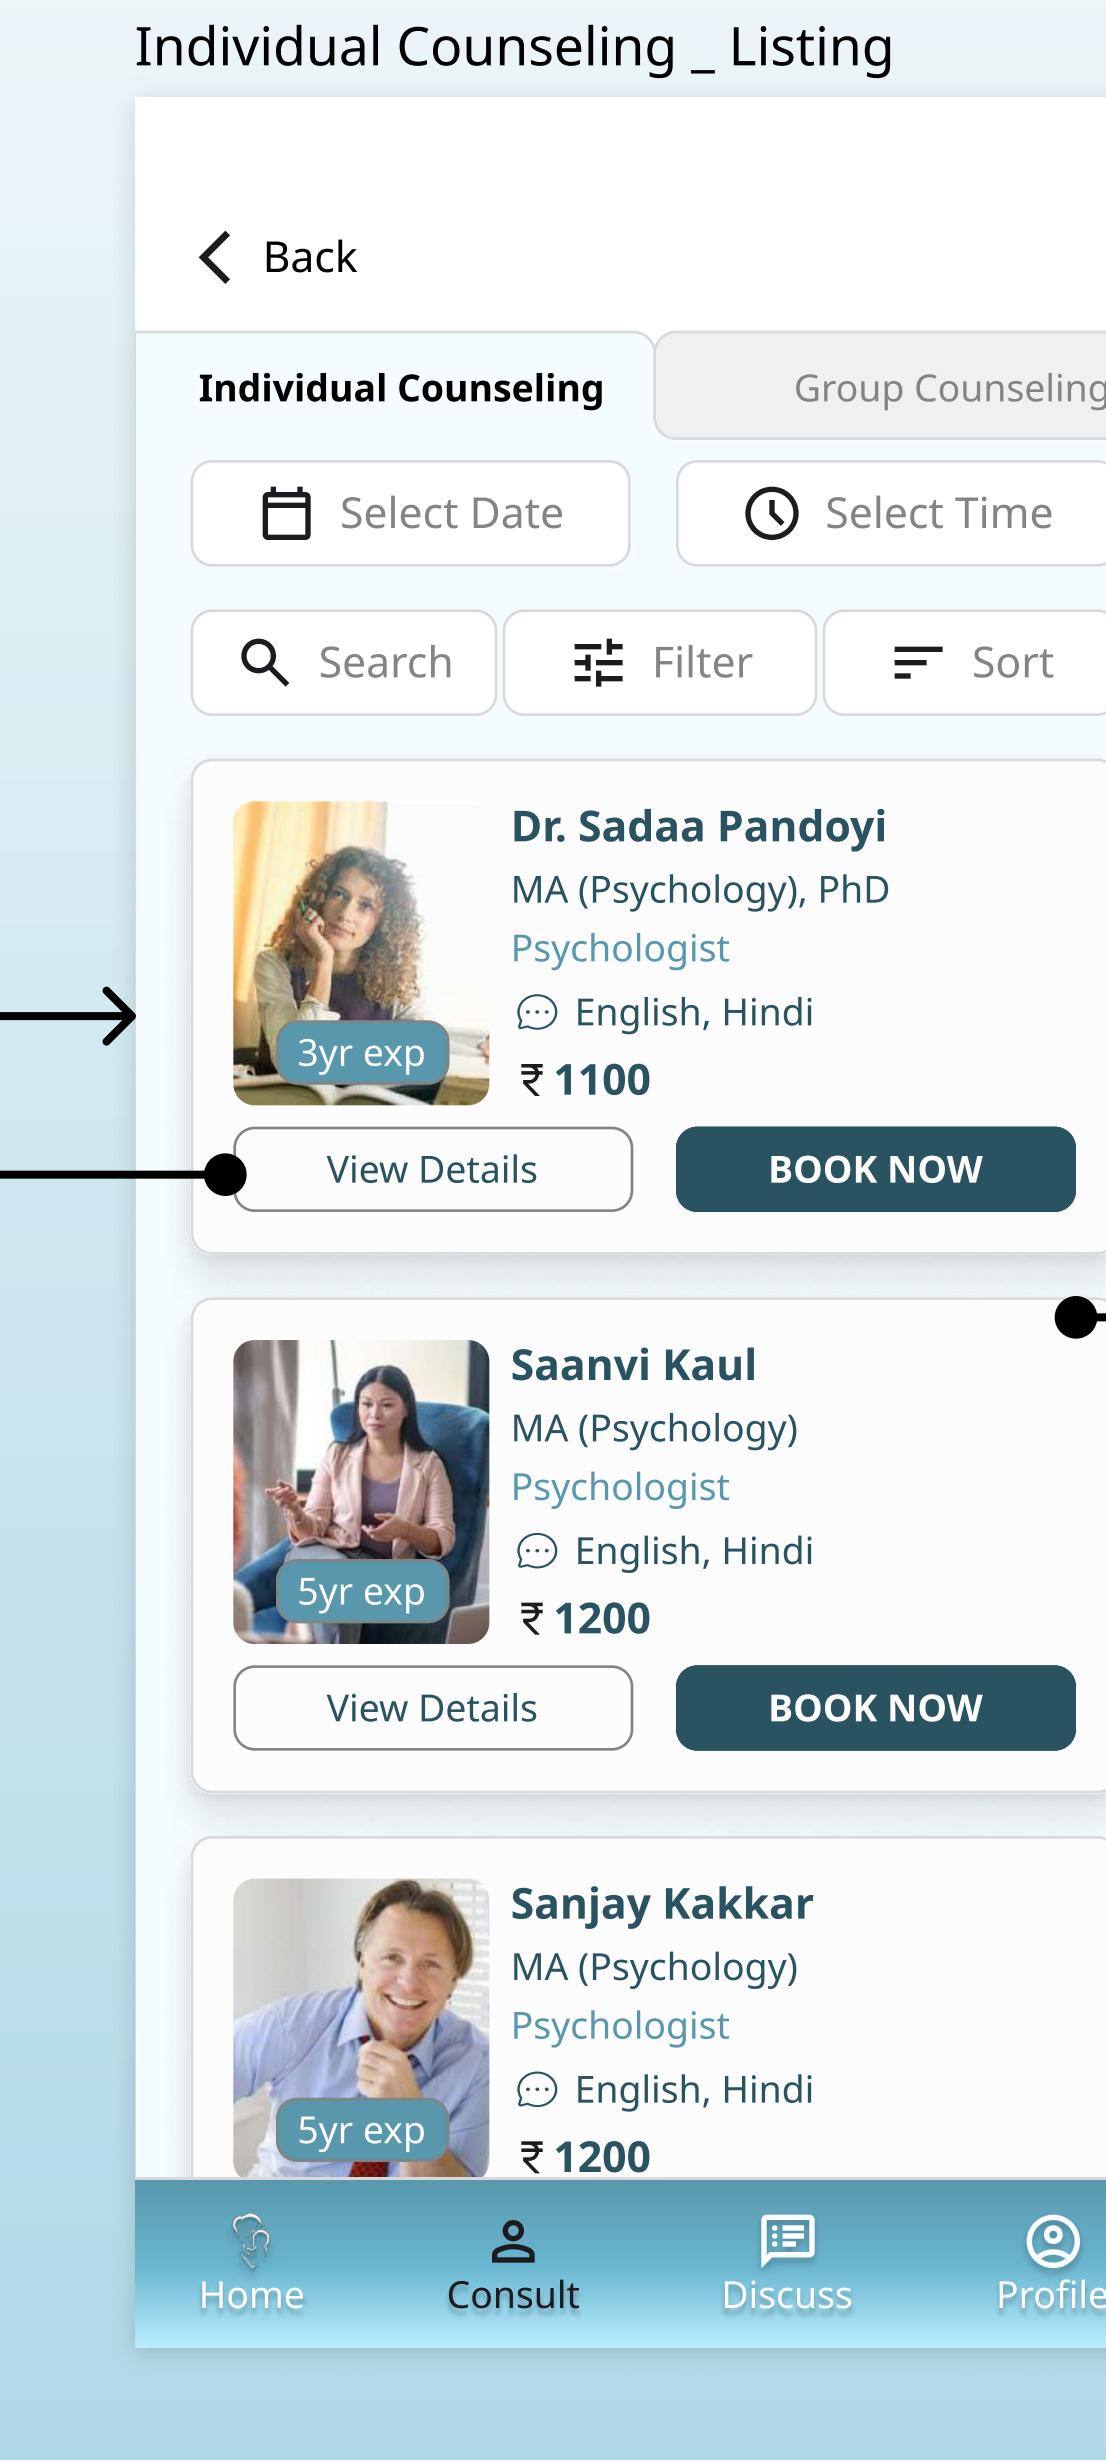

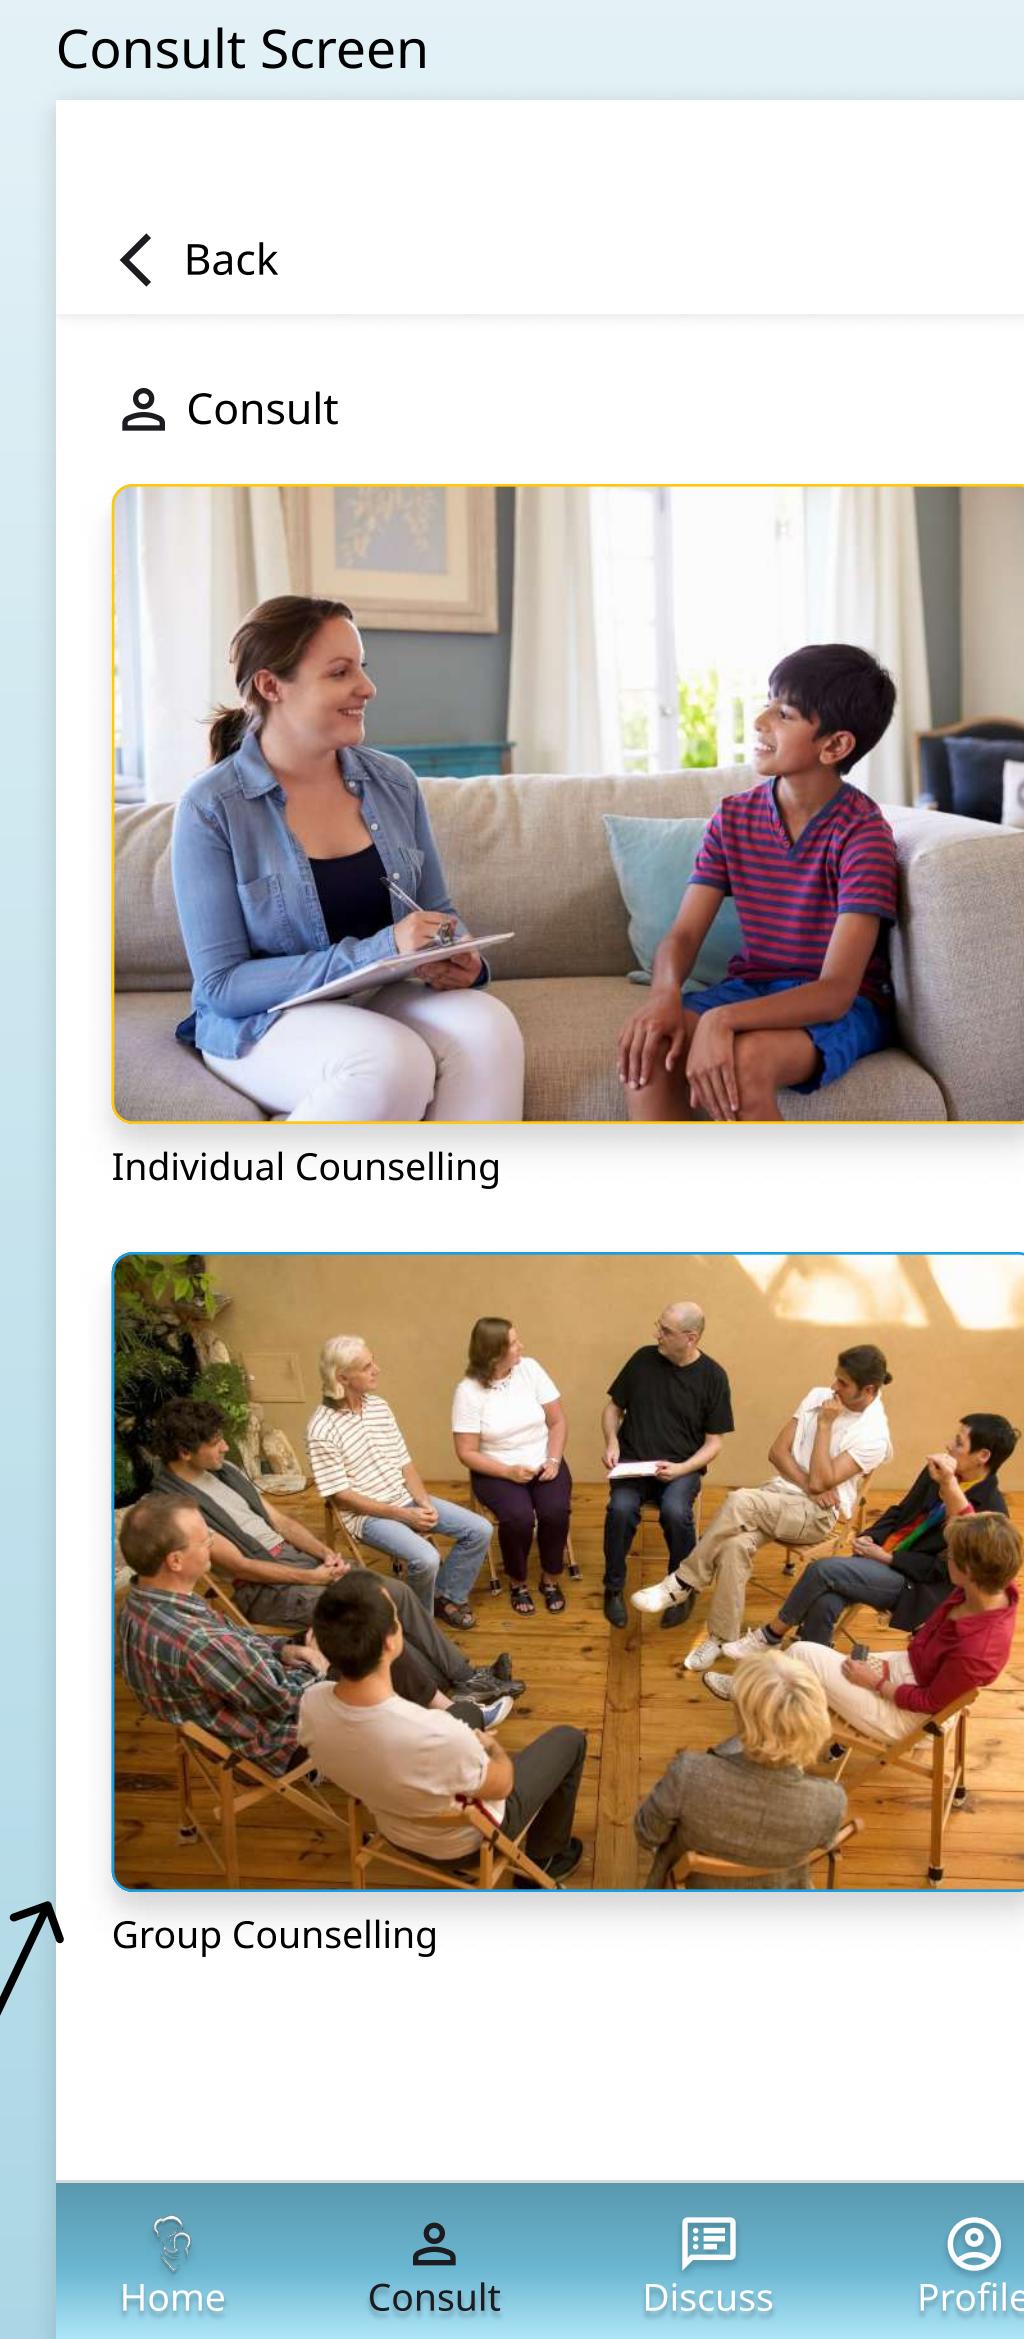

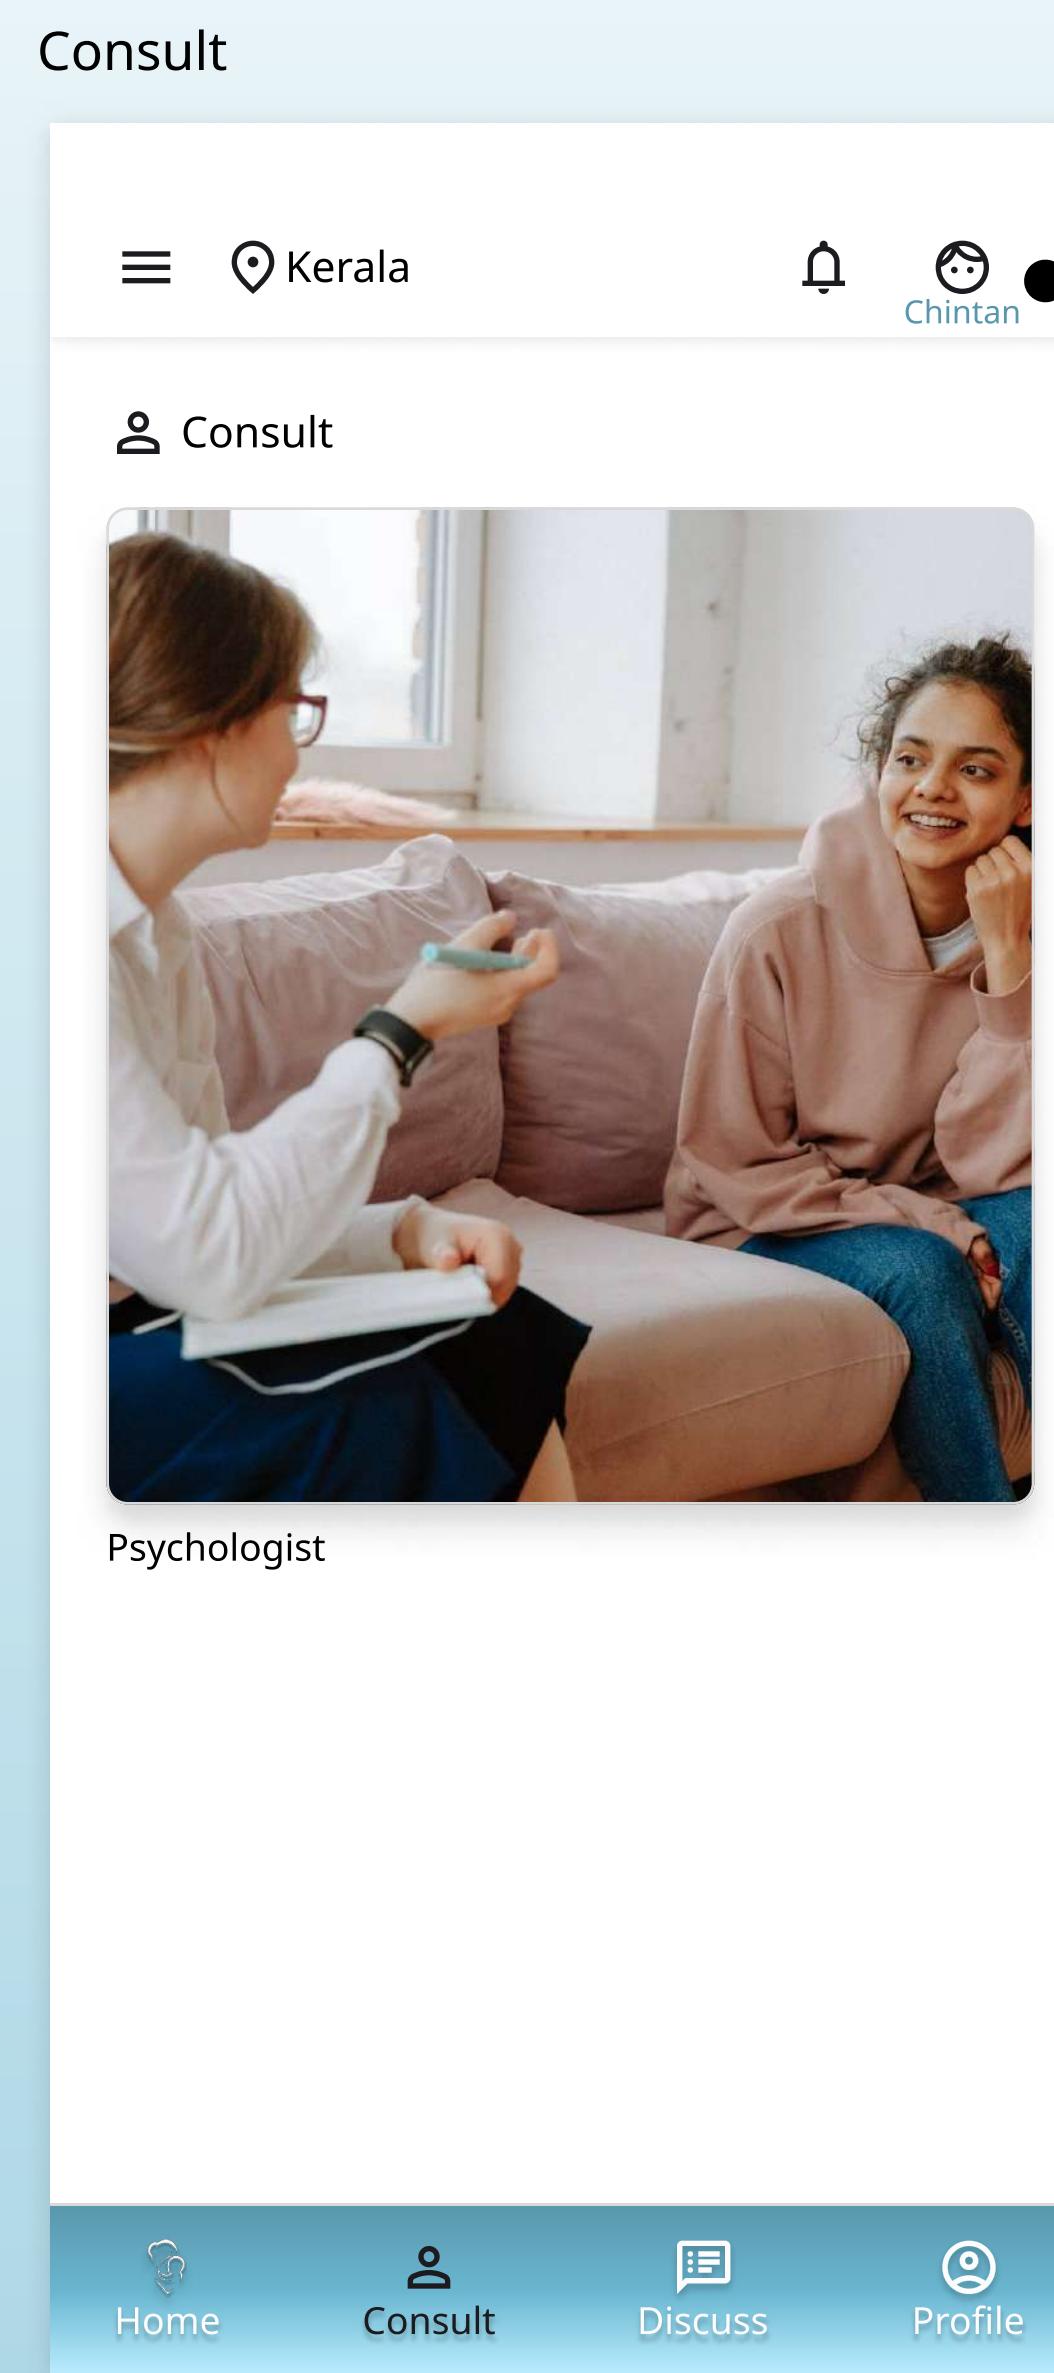

At VitalMa, we offer a variety of counselling services to meet the unique needs of each individual. Our services include individual counselling and group counselling.

Our individual counselling sessions provide one-on-one support with a licensed mental health professional. This is an ideal option for those who prefer private sessions and want to focus on their specific concerns.

Group counselling is a great choice for those who want to connect with others who are facing similar challenges. Our group sessions are led by licensed professionals and provide a safe and supportive environment where individuals can share their experiences and receive guidance.

All of our counselling services are designed to help individuals overcome parenting and mental health challenges and achieve optimal mental wellbeing. We are committed to providing the highest level of care and support to our clients, and our platform is designed to make counselling services accessible to everyone, regardless of their location or background.

Design & Layout

At VitalMa, we believe that design plays a critical role in providing a positive user experience. That's why we've taken a minimalist approach to our app's design, ensuring that our users can easily navigate our platform and access the services they need.

Our app is designed to be responsive, meaning that it can be accessed from any device, including smartphones, tablets, and desktops. This ensures that our users can connect with our licensed mental health professionals anytime, anywhere.

We've also incorporated CTA menu, which provides users with a streamlined and intuitive navigation experience. Our menu options are simple and easy to understand, ensuring that users can quickly find what they're looking for.

Our list layout design ensures that our services and mental health professionals are displayed in a user-friendly way. Our team of experts are easily searchable, and their profiles include key information such as their experience and areas of expertise.

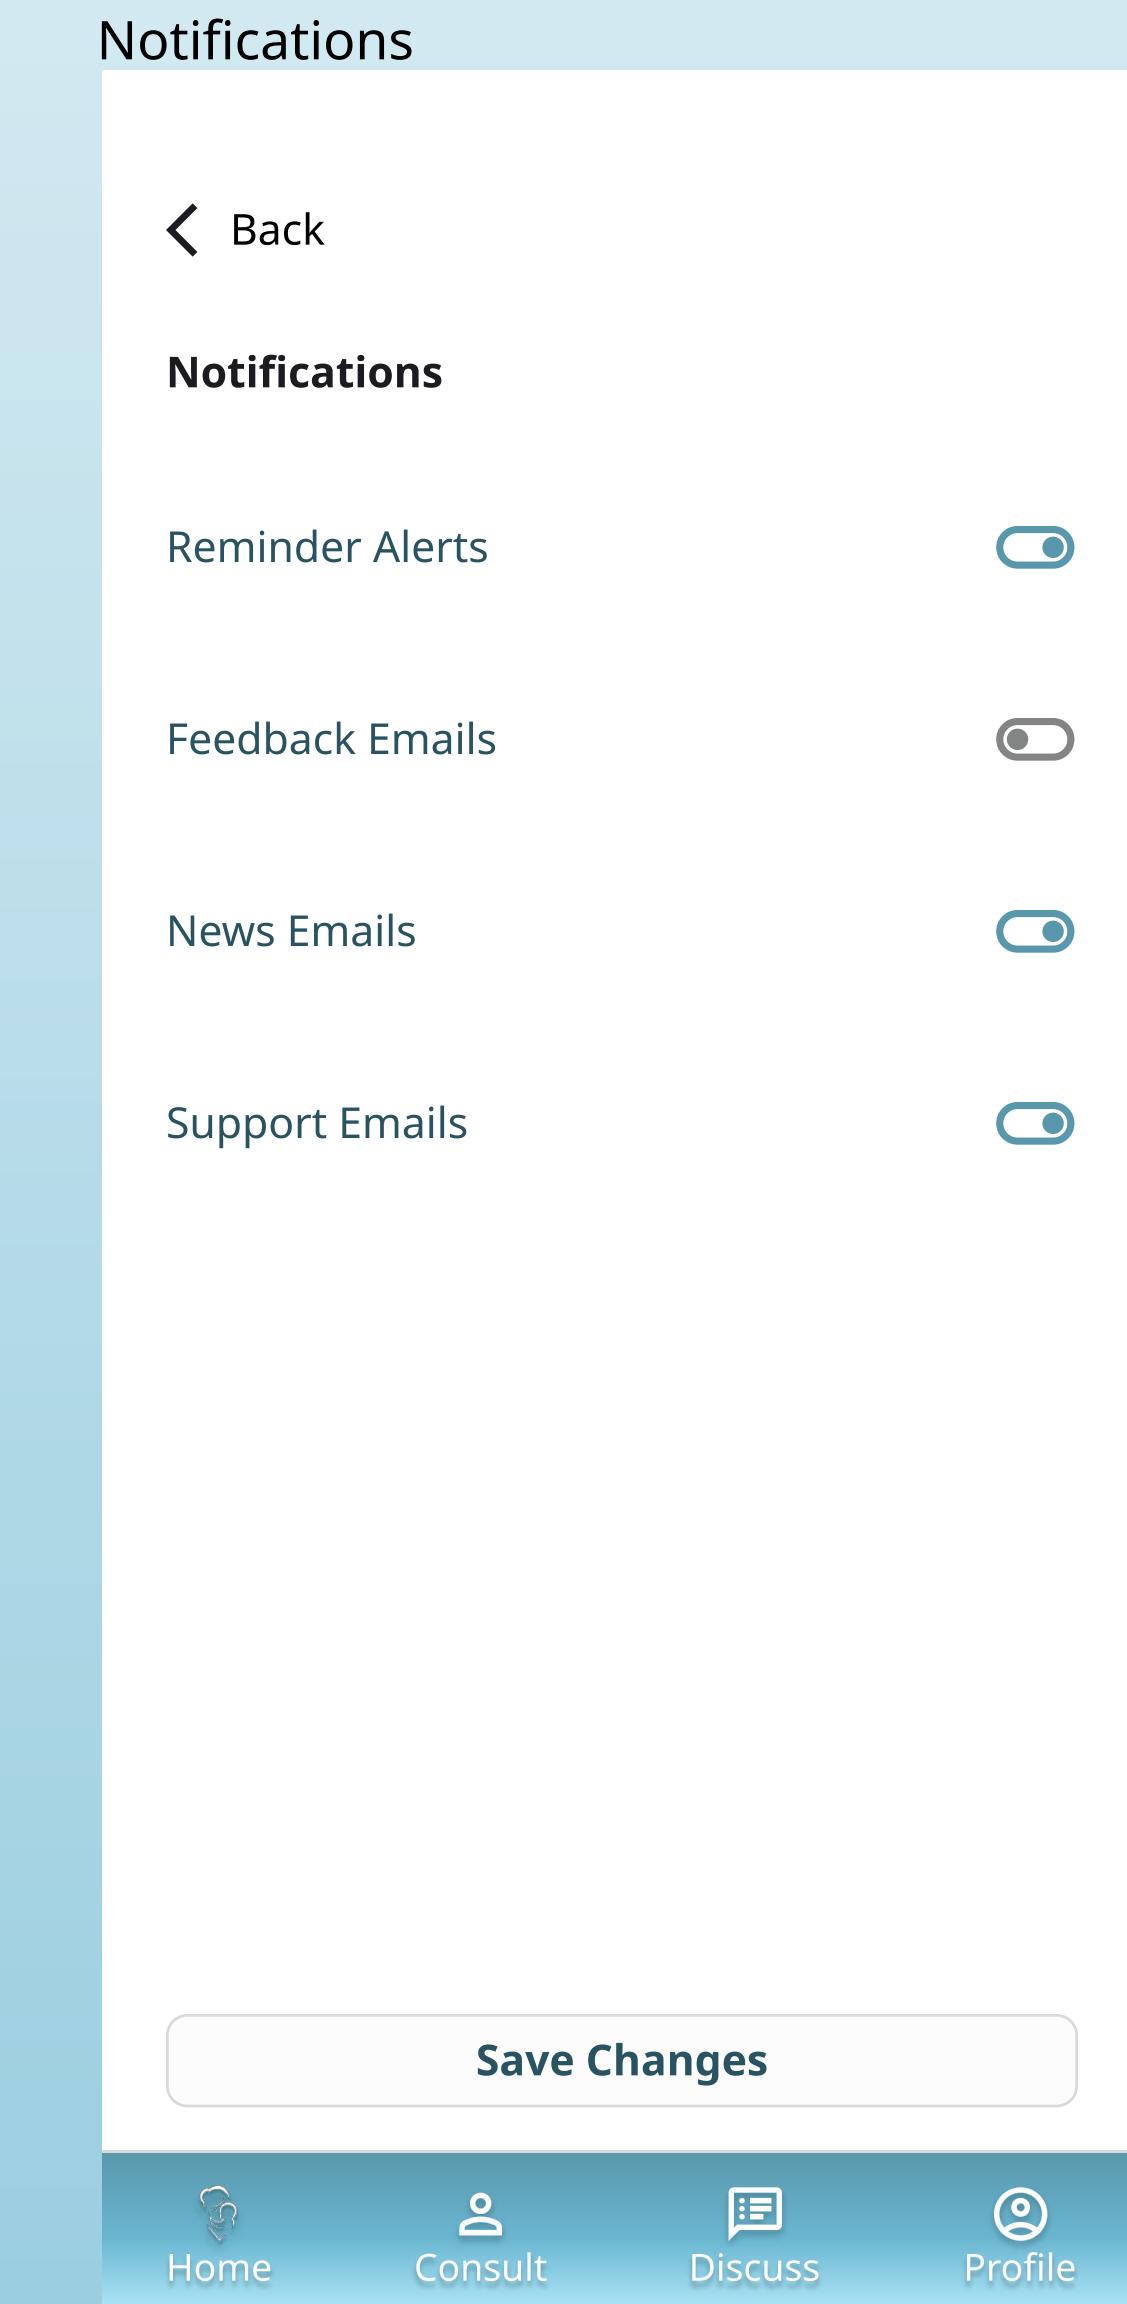

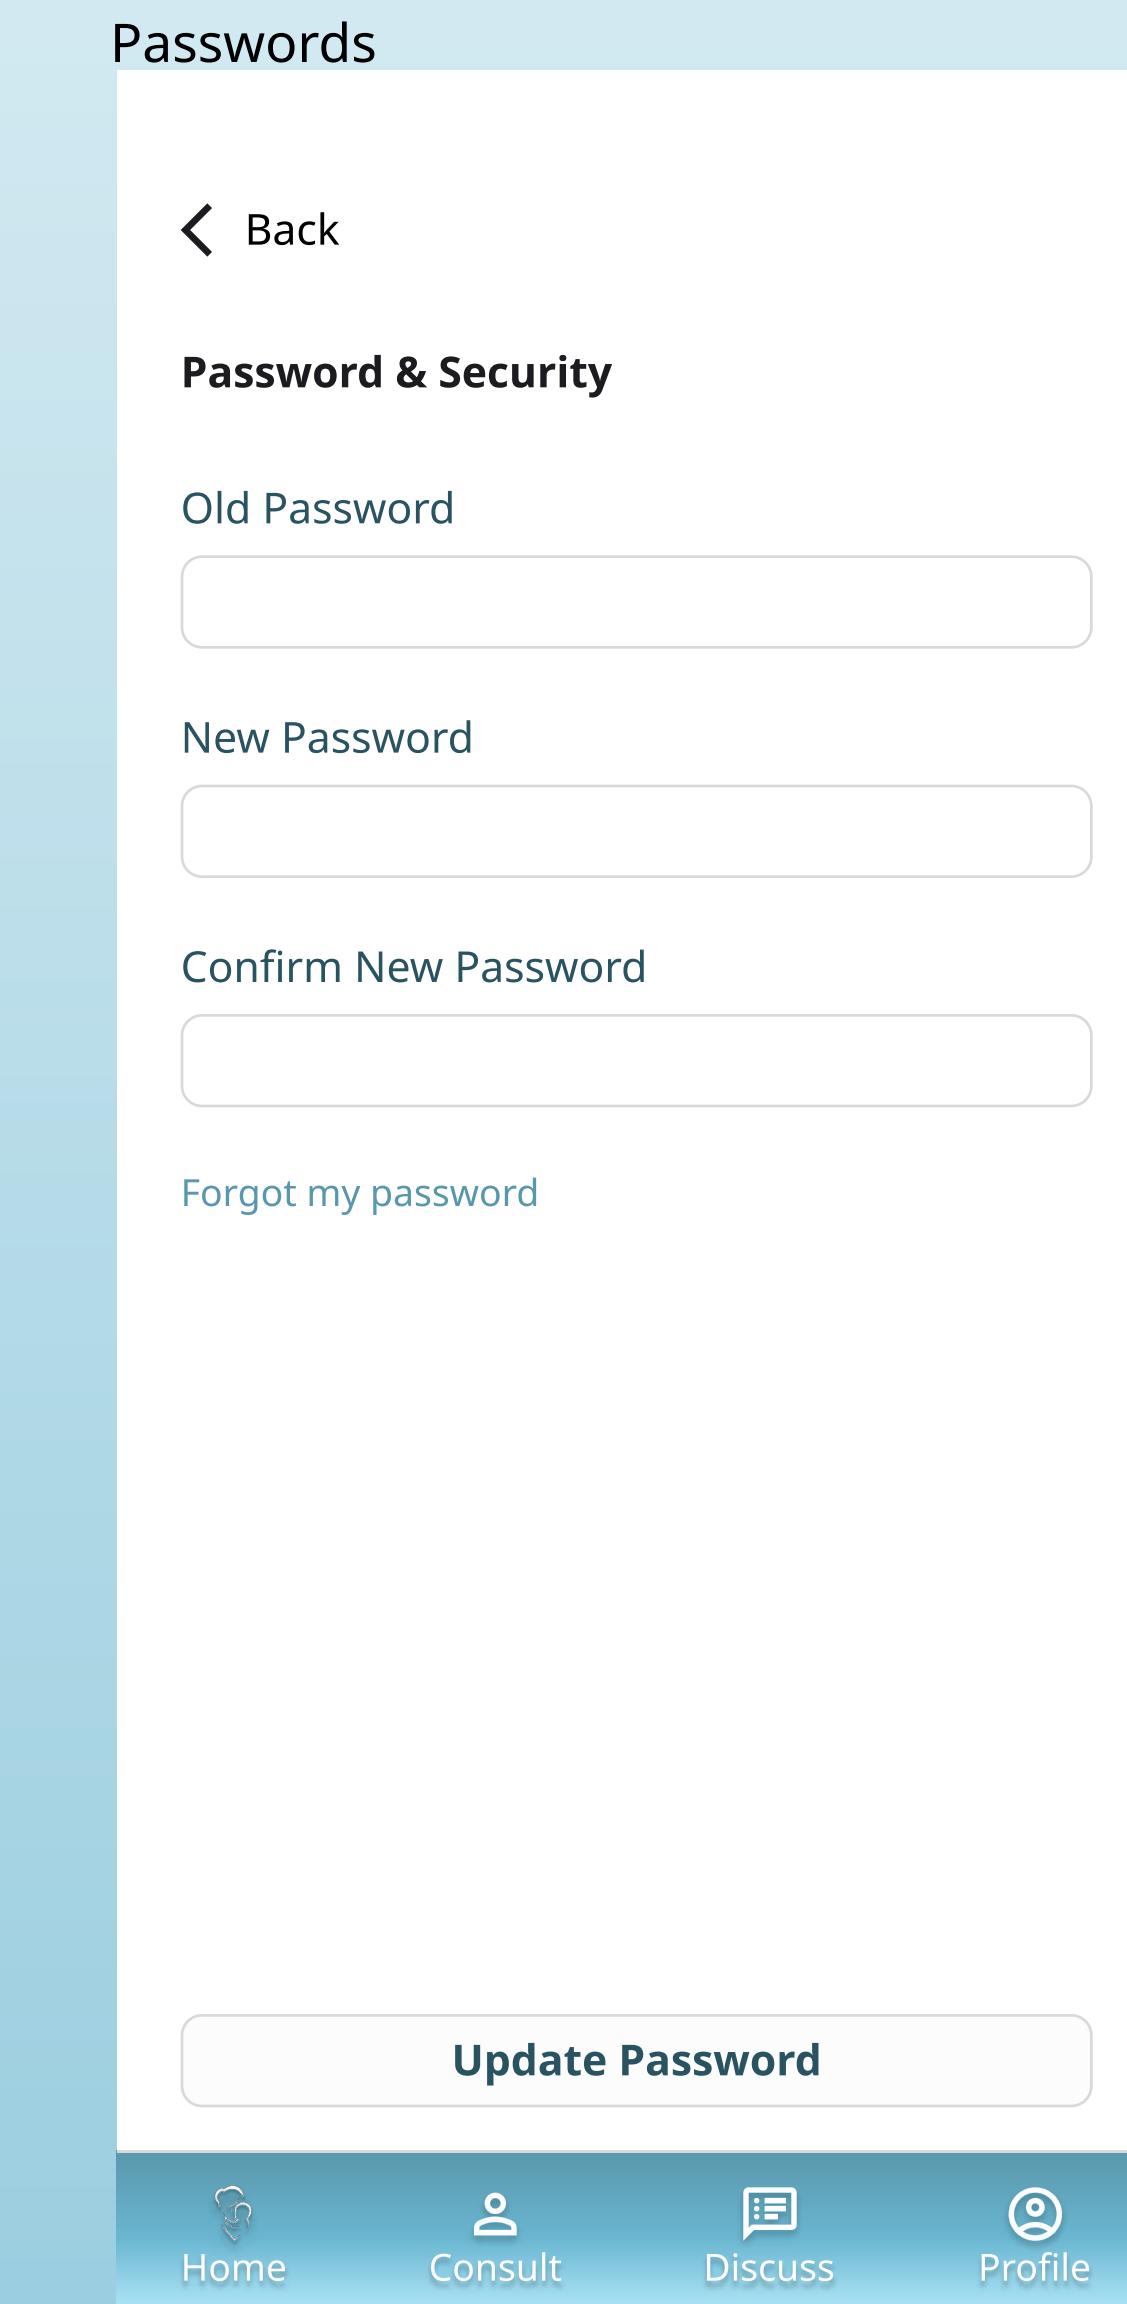

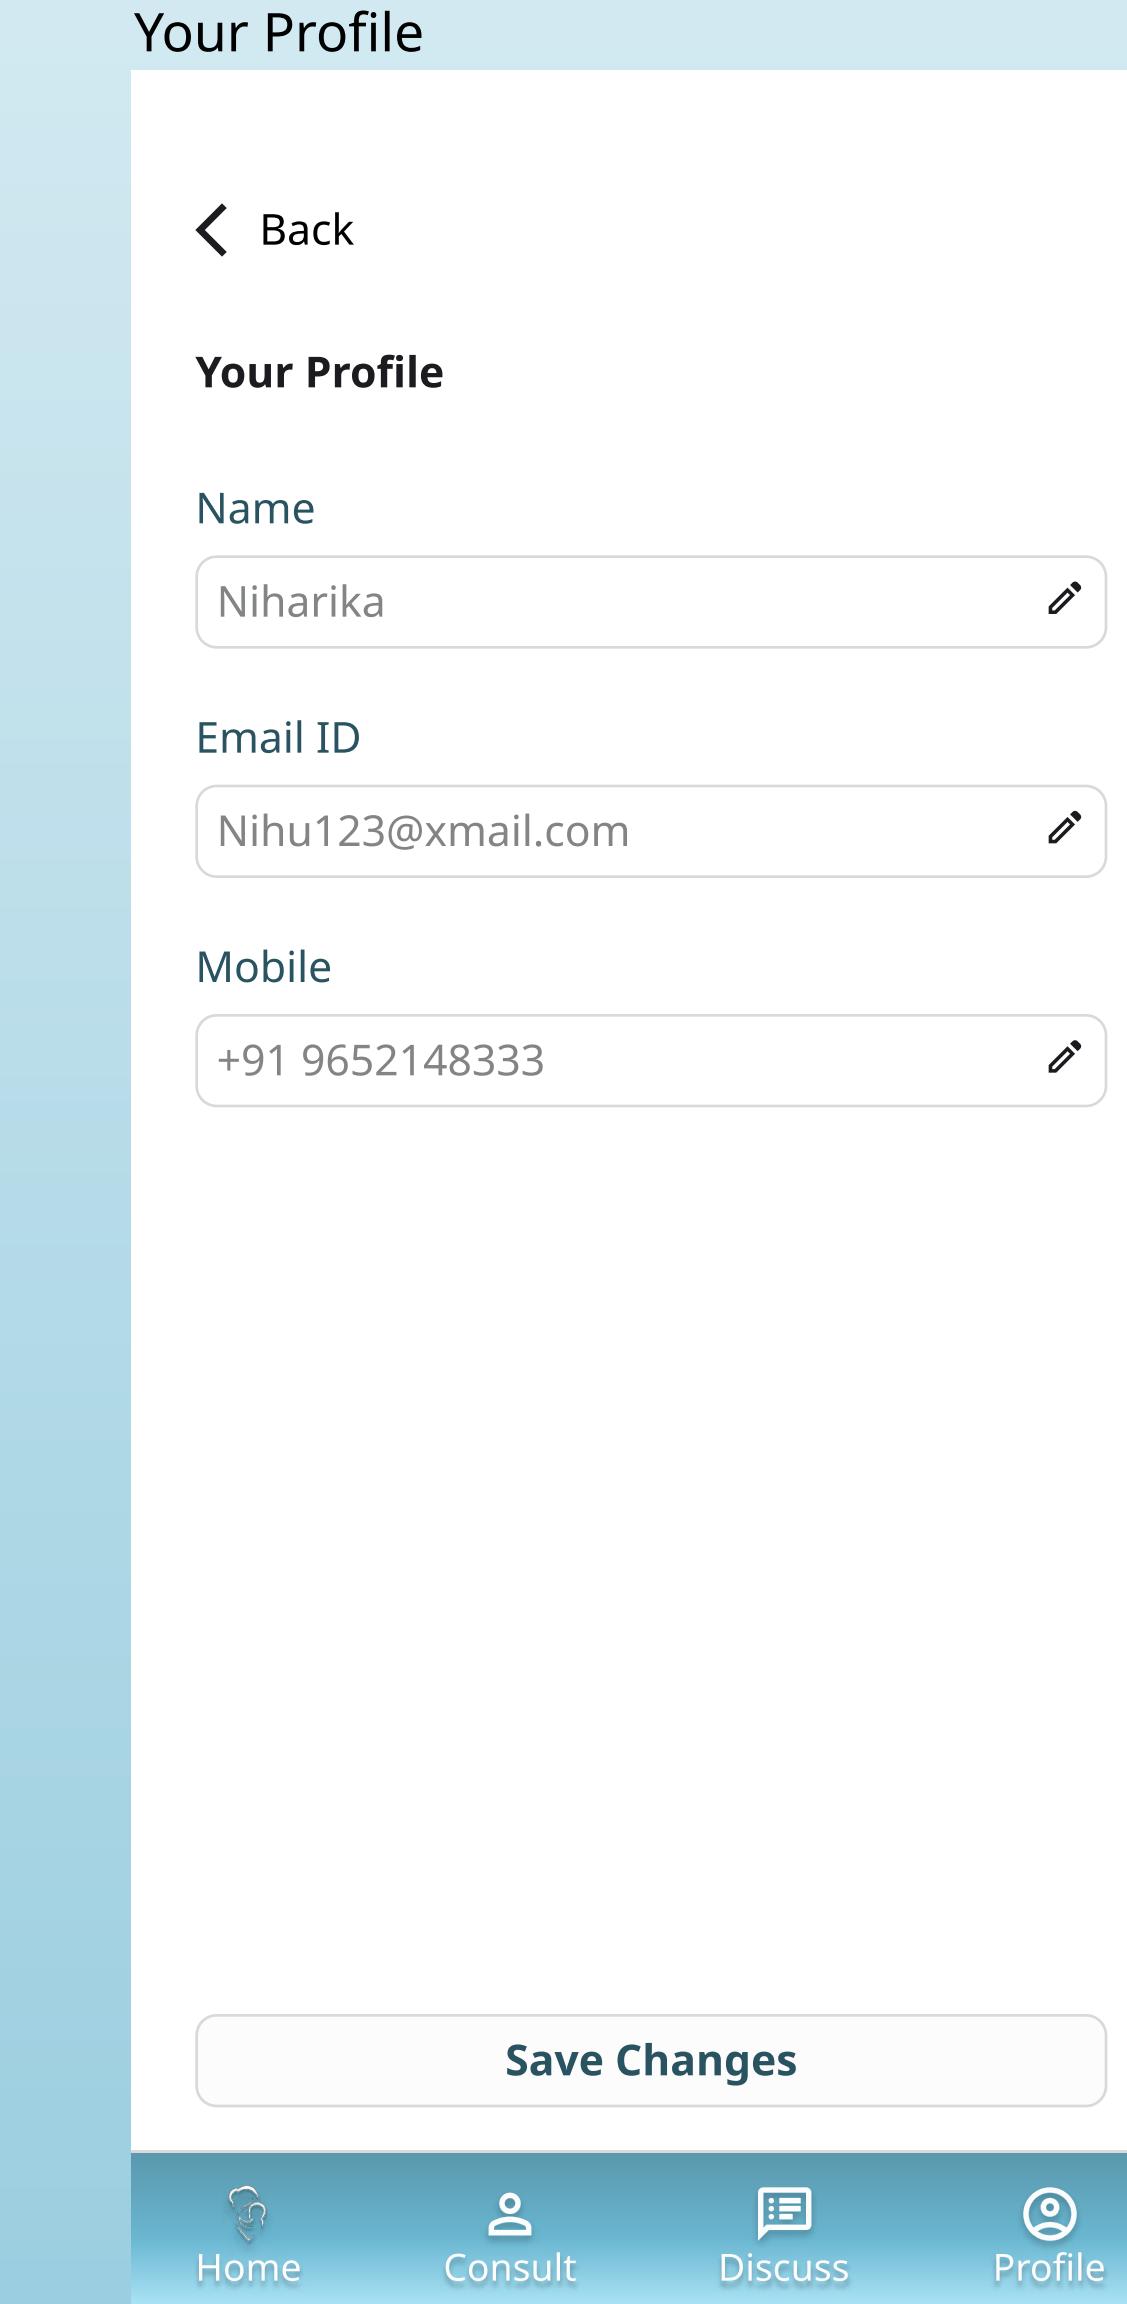

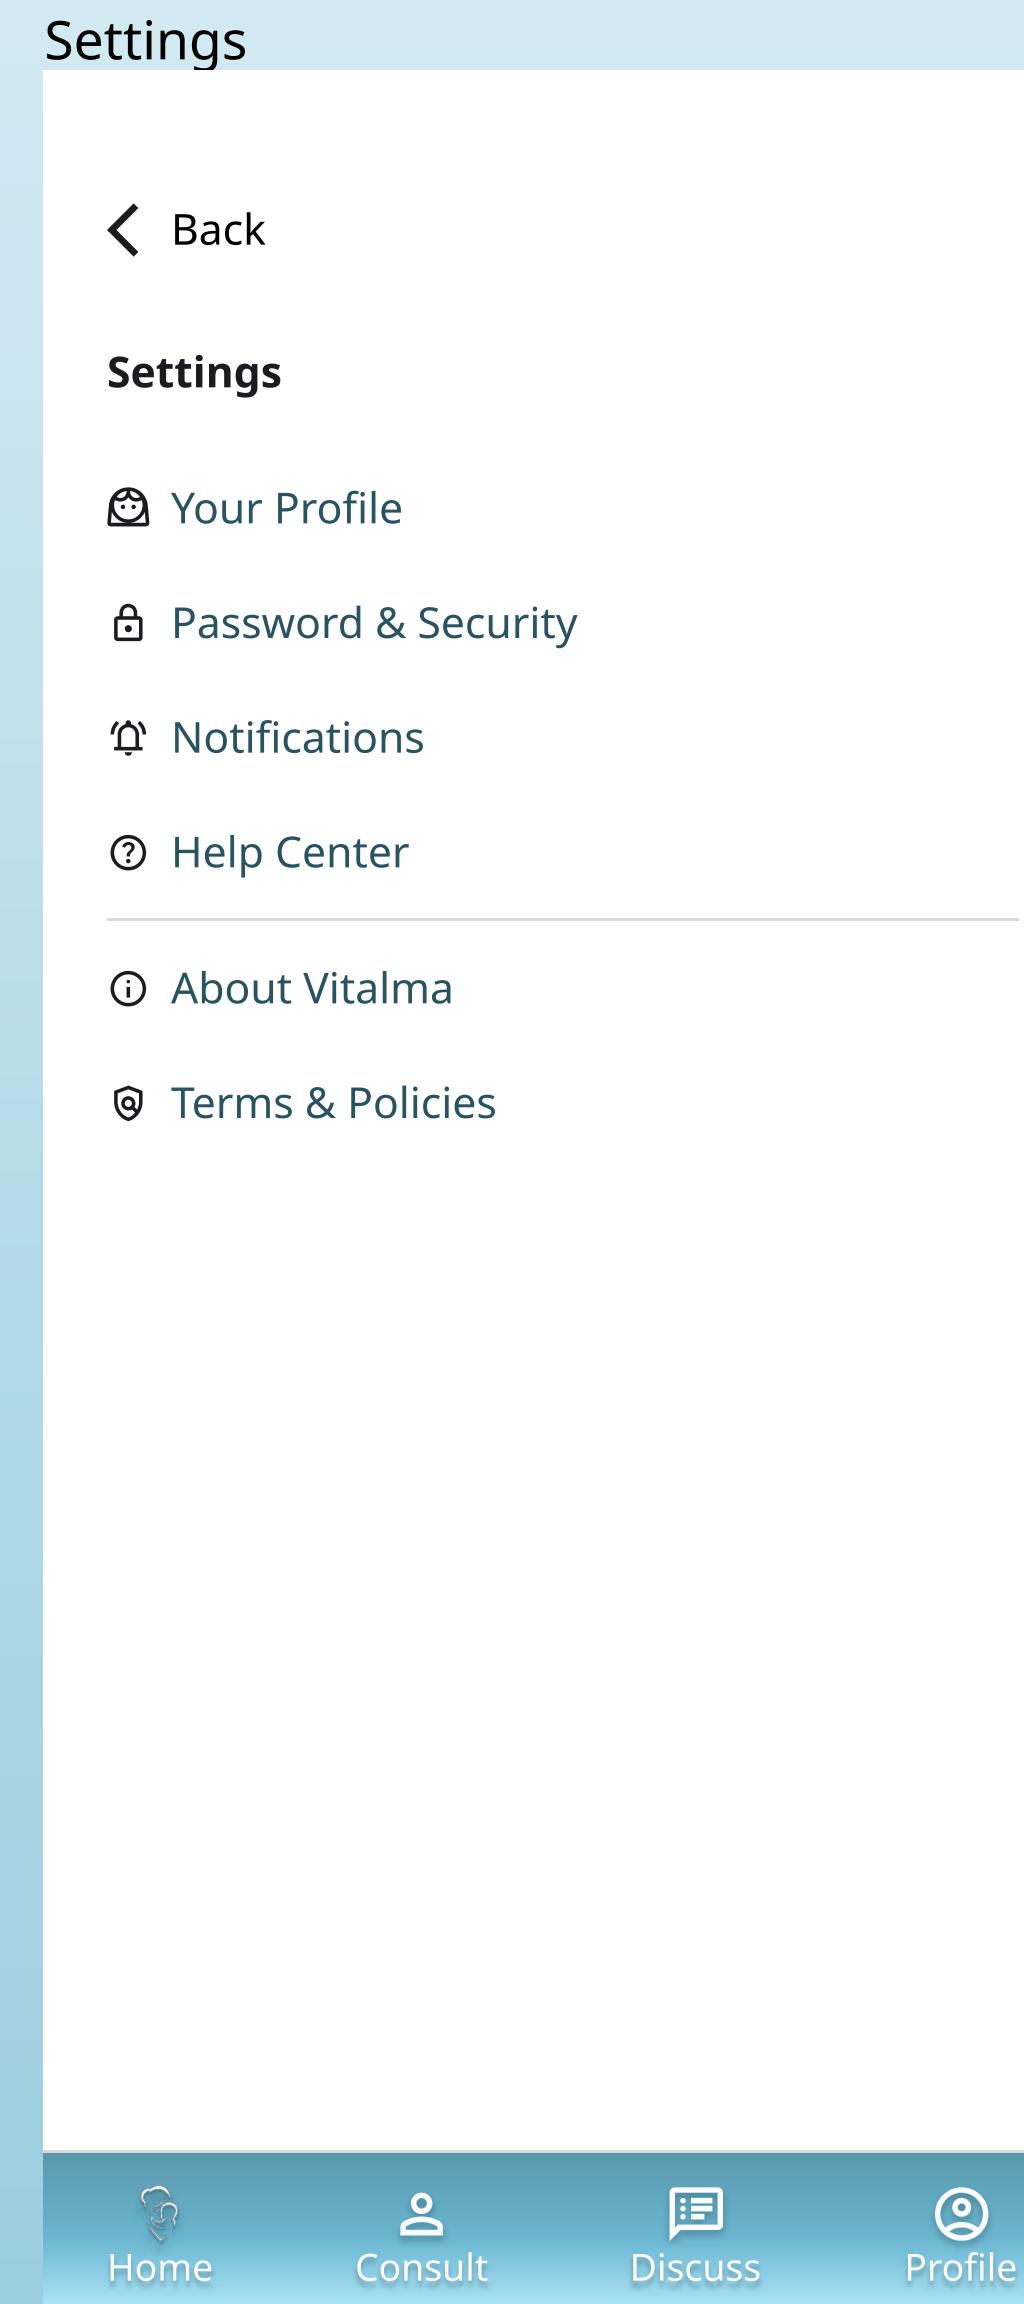

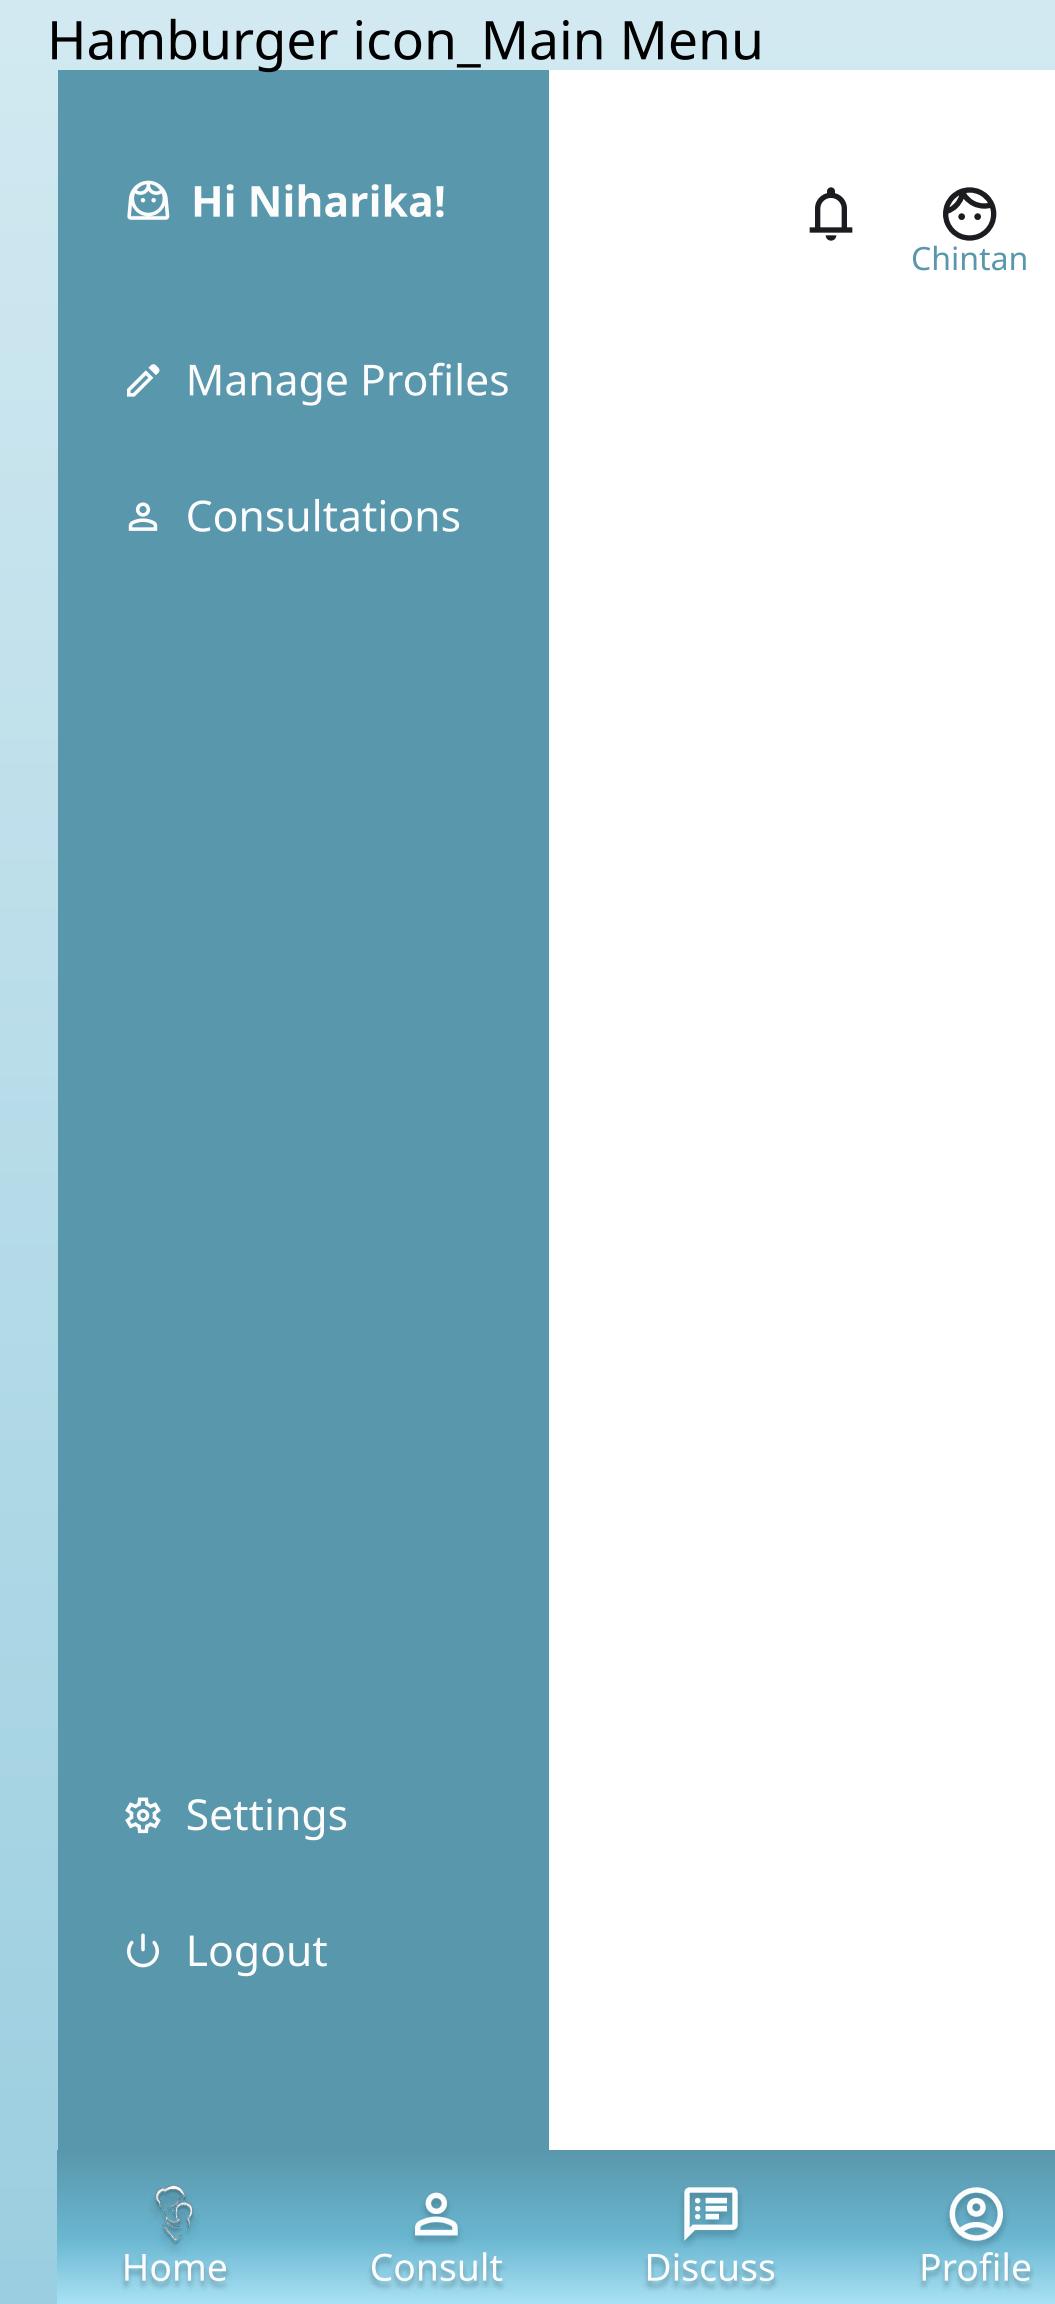

At VitalMa, we're committed to providing a platform that is accessible and user-friendly. We understand that navigating mental health services can be challenging, which is why we've designed our platform to make it as easy as possible.
